TEN CENTS PER WEEK

JACKSONVILLE, ILLINOIS, THURSDAY MORNING, SEPTEMBER 10, 1903.

PRICE THREE CENTS

HEAR FROM LEISHMAN

SENDS TWO MESSAGES TO STATE DEPARTMENT

Throws no Light on Situation at Constantinople or Beirut—Arrival of American War Vessels Was Most Opportune.

Washington, Sept. 9.—The state department today received two cablegrams from Minister Leishman at Constantinople. They were sent in courts of consultation with the department and for that reason were not made public. It was stated at the department, however, Leishman threw no new light on the situation either at Constantinople or Beirut. Some additional instructions were sent Leishman today, but these went prior to receipt of the cablegrams from him.

A copy of the report received at the navy department from Admiral Cotton relative to the situation at Beirut was sent to the state department.

AFFAIRS AT BEIRUT.

Beirut, Sept. 9, via Port Said.—The assault of Vice Consul Magelssen is not yet discovered. Authorities are indifferent and thus far have given no satisfaction. The Moslem section of the city from Friday up to last night was in a state of anarchy and thirty persons were killed, among whom, however, were no foreigners. Shops are closed, streets deserted and the government seemingly unable or unwilling to assure the safety of residents. The arrival of the American cruisers Brooklyn and San Francisco was most opportune. Admiral Cotton is on the alert and signalmen and a guard slept at the United States consulate last night. Men on board the warships are under arms ready to disembark on signal from the consulate. Boats of the Brooklyn and San Francisco have reconnoitered the coast below the property of the American mission in order to select landing places in case of need. American mission authorities have demanded guards from the governor for protection of mission property. An attempt to enter an American residence on Saturday was frustrated. Americans here think the United States government should insist on dismissal of the wali of Beirut, to whom all disorders are attributed. The opinion here is the powers should take action with a view to bringing Beirut under jurisdiction of an autonomous Christian government for the Lebanon district.

ASK FOR TROOPS.

Sofia, Sept. 9.—Consuls at Salonica have requested their ambassadors to send warships to that port, as they are in fear of dynamite outrages. A band of 600 revolutionaries engaged Turkish troops between Melnik and Debrilissar. Turks are reported to have lost heavily. The towns of Prileh and Monastir are surrounded by troops and no one is allowed to enter or leave them. Turkish authorities in Adrianople vilayet have ordered the destruction of mills and granaries. Thousands of men, women and children in the district are hiding in mountains and are starving.

PORTS PROMISES.

Rome, Sept. 9.—A communication received from the Italian ambassador at Constantinople, says the Turkish minister of foreign affairs assured him the most energetic measure will be taken to punish those who are responsible for the recent conflict in Beirut. The minister added there need be no fear of any such incident recurring. It is asserted the ports are confident the insurrection in Macedonia will be suppressed in a week.

Washington, Sept. 9.—The navy department received a cablegram from Admiral Cotton, dated Beirut, yesterday, saying no serious disturbances in Beirut Monday night. The situation is improving and public feeling is growing quieter.

RESORT TO REPRISALS.

Sofia, Sept. 9.—Macedonian organizations are preparing a memorandum to be presented to representatives of the powers, in which they will declare insurgents intend to resort to reprisals for Turkish atrocities. The memorandum gives detailed information of villages destroyed and massacre of inhabitants. It declares 6,000 men, women and children were slaughtered and 120 villages burned. The memorandum repeats statements recently issued by the insurgent general of staff at Monastir, that the Turks instead of fighting insurgents, have instituted a general massacre of Christians. Organizations declare they are issuing the present memorandum because they are no longer able to restrain hands from retaliation and hence the responsibility will rest with the powers, which, instead of attempting to moderate Turkish barbarities, are calling on the Turks to speedily end the revolution.

SICKENING SIGHTS.

London, Sept. 9.—The Monastir correspondent of the Mail sends a graphic account of sickening sights he witnessed in hospitals there. The victims of Turkish brutality were mostly Greeks and Wallachians. Many women and children had wounds from Mauser bullets, proving they had been inflicted by regular troops, inasmuch as bush-bazookas are armed with Martini. Stories told by victims tended to prove the worst accusations against Turkish troops of brutality and massacre.

DEMONSTRATION

London, Sept. 9.—A dispatch to the Times from Monastir, dated Sept. 3, says a railway journey from Salonica to Monastir gives a slight idea of devastation of the country. The Christian population seems to have entirely disappeared. Crops are lying deserted and railway stations and villages swarming with armed Turks, few of whom could be described as regulars. Signs of insurgent victories are a few burned blockhouses. Turkish victories are indicated by the number of villages deserted and burned and number of fires still burning over all neighboring hills. Vast columns of smoke are seen in the direction of Neveska.

GERMAN WARSHIPS.

Berlin, Sept. 9.—The Tageblatt says the German training frigate Moltke will leave Lisbon for the Mediterranean. She will stop at a port in Greece and then proceed to Syria. The Moltke has 400 men on board, part of whom could be landed in case of need. She will be the only German ship in the Mediterranean. The Loreley, guardship of the German embassy in Constantinople, is now cruising in the Black sea. The Frankfurter Zeitung declares trouble at Beirut was caused by appearance of the American squadron.

PRIEST'S DECLARATION

Will Not Give Absolution to Catholics who Take Oath of Typographical Union

Milwaukee, Sept. 9.—The Journal says: The slogan for what promises to be one of the biggest contentions in which organized labor has been engaged, one with the Catholic church, has been sounded by Fr. M. J. Ward, of Beloit, who has declared that neither he nor any other priest of the Roman Catholic faith will give absolution to those who have taken the oath of the International Typographical union. The oath of this union requires a member's allegiance to his union shall have priority over every obligation, religious or otherwise.

Fr. A. F. Schinner, administrator of the arch diocese, said to day Fr. Ward was altogether justified in making such a statement and that he would himself say the same thing. Fr. Schinner's name is included in the list forwarded to the pope for successor to the late Archbishop F. X. Katzer.

WRINGE WILL STAY HERE.

New York, Sept. 9.—Capt. Robert Wringe, who sailed the Shamrock in her races against the Reliance to day announced he had decided to make this country his home in the future and become a citizen as soon as the law allows. As the result of this Lipton may feel obliged to modify his recent statement that he will challenge again provided he can find a designer. Besides a designer he will now have to find a suitable skipper, if he still holds to the opinion Captain Wringe is the best handler of big single stickers on the other side.

KILLED FATHER-IN-LAW.

Decatur, Ind., Sept. 9.—John Busenback was killed to day during a quarrel with his son-in-law, Joseph Osborne. Busenback and Osborne owned a farm jointly and were discussing financial matters. Osborne, it is said, knocked Busenback down and beat his head into a pulp. Osborne was arrested.

AUTOMOBILE RUNAWAY.

Detroit, Sept. 9.—Barney Oldfield's automobile became unmanageable at the Grosbe Point track this afternoon while running fifty miles an hour and plunged through a fence, injuring Frank Shearer, a spectator, so terribly that he died in an ambulance enroute to a hospital. The car went fifty feet through the air and Oldfield, who kept his seat, had a marvelous escape from death. He received several cuts about the body and had one rib broken.

Zanesville, Ohio, Sept. 9.—An automobile driven by Earl Iser, of Dayton, escaped his control at the races to day and as a result of its dashing into a fence John Gooding, of Zanesville, was fatally hurt. Several other persons were injured. K. Iser had an ankle broken.

MINING APPOINTMENTS.

Springfield, Sept. 9.—Governor Yates to day appointed the following state board of mine examiners: Richard Newsam, Peoria, mining engineer; William Atkinson, Murphysboro; Lee Kinkaid, Athens, Daniel Reese, Danville; Andrew Fleisher, Taylorville, holding engineer. The board elected Newsam president; Atkinson, vice president, and Kinkaid, treasurer.

MINING CONGRESS.

Lead, S. D., Sept. 9.—The American mining congress held its session here to day. The principal speakers to day were George E. Roberts, director of mint; John L. Webster, of Omaha, E. W. Parker, of the United States geological survey, Washington, O. C. Referring to recent increase in value of silver, Roberts said he believed silver had been seen its worst days and that it would before long reach and maintain a staple standard of value.

FINAL DECREE.

St. Paul, Sept. 9.—Judge Lechren to day filed in the United States circuit court the final decree in the Northern Securities case. The decree dismisses the plaintiff's bill and allows the defendants to apply for an order allowing costs of the case.

TWO WOMEN ARE KILLED

STORY OF TRAGEDY TOLD BY A BOY.

George Brandt Murders His Mother and Divorced Wife—The Murderer Captured and Makes Confession.

Spring Green, Wis., Sept. 9.—According to a story told by the 12-year-old son of George Brandt, who reared here this morning, Mary Murphy and her daughter, Mary Brandt, were murdered at their home in Iowa county last night. Mrs. Murphy is about 60 years old and her daughter 32. The latter is the divorced wife of George Brandt, they having not lived together for several years. Brandt makes his home north of Spring Green. The boy says that last night about 8 o'clock his father came to their home and shot his grandmother, who was sitting in the doorway reading and then went to the barn yard, where Mrs. Brandt was feeding calves, and shot her through the back.

The boy's story has been confirmed. Brandt was captured in a barn near the scene of the tragedy and it is said confessed the crime. He gave no reason for the deed. Brandt attempted to shoot himself, but failed.

ASK FOR A RECEIVER.

Philadelphia, Sept. 9.—The minority stockholders of the Consolidated Lake Superior company to day took preliminary steps toward asking for a receiver for that concern. In a statement sent stockholders they allege the company refuses to give the "names of subscribers to \$1,000,000 contracts of subscription to preferred stock of the company" upon which the company report of June 30, 1902, admits that a balance of \$9,230,100 was then due and unpaid, and having failed also to give any reason whatsoever for not having enforced the payment of said subscriptions." Vice President Sanborn in a statement to day denied the accusation.

POSTOFFICE FRAUDS

Fourteen Additional Indictments Turned Over to the Prosecuting Attorney.

New York, Sept. 9.—Seventeen additional indictments against persons said to be implicated in postoffice frauds were turned over to Charles J. Bonaparte, of Baltimore, who is retained by the government to aid the prosecution of nearly two score of its employees. He received formal drafts of indictments against George W. Beavers, August W. Machen, Congressman Edmund H. Driggs, Maurice Runkle, George E. Lorenz, George F. Miller and Thomas W. McGregor. He declared the cases in which indictments were returned by the grand jury will be pushed as rapidly as evidence at hand will permit.

Washington, Sept. 9.—One of the persons indicted yesterday by the federal grand jury in connection with postal investigation is George W. Beavers, formerly chief of division of salary and allowances. It is understood the charge is conspiracy. While officials refuse to disclose the names of the four remaining persons indicted yesterday it is said none of them has been connected with the postoffice department. One is a man of some prominence. It is stated at the city hall to day the climax of the investigation is to come shortly when a person not connected with the department, but equally well known as the postmaster general himself, will undoubtedly be indicted for complicity in postoffice frauds.

The grand jury began hearing evidence in this particular case to day and it is stated when the report is made it will in all probabilities conclude the investigation in Washington.

WHOLESALE DRUGGISTS.

Boston, Sept. 9.—A feature to day of the session of the national wholesale druggists was a spirited address by Thomas N. Wooten, of Chicago, secretary of the National Retailers' association, in which he declared the prosperity of retail druggists was threatened by rate cutters, and called upon proprietors and others to stop the destructive work.

The wholesalers elected C. F. Shoemaker, of Philadelphia, president. It was learned that after adjournment and as a result of a long conference wholesalers agreed to a resolution approving a serial number plan for selling proprietary goods in form satisfactory to the National Retail Druggists.

GOLF TOURNAMENT.

Des Moines, Sept. 9.—In the qualifying round for the trans-Mississippi golf tournament here to day, during a heavy rain, B. F. Guinand, captain of the Waveland Golf club, negotiated 36 holes in 154 Guinand's 15-year-old brother made a score of 174. Guinand's closest competitor was H. D. Adams, of Des Moines, who made 180. J. E. Marshall, of Keokuk, made 181; E. E. Kinnell, of Omaha, professional champion, 182.

NEW YORK WINS

Empire State Team Captures Trophy Provided by Congress for Rifle Shooting

Sea Girt, N. J., Sept. 9.—The name of the first winner to be engraved on the already famous national trophy, provided by congress, will be that of New York. In a spirited competition the empire state team captured the trophy handsly, finishing with a lead of 86 points over the nearer competitor. New York's total was 2,368, out of a possible 3,000. In addition to the national trophy, valued \$1,000, which will be held by the winning team only one year, the New York team won the cash prize of \$500.

New Jersey, which scored the second highest aggregate, a total of 2,302, receiving the Iton trophy, to be held one year and \$300. Massachusetts is third, 2,288, and will carry home the "Soldiers of Marathon" trophy, to be held one year and \$200.

MORE TROUBLE.

Paris, Sept. 9.—The following telegram was received from Cairo, Egypt: "Disquieting rumors are current in regard to the situation at Syria. Bedouins arriving here from the Atrah desert say Druses are in arms and fears are entertained of a massacre in Lebanon."

Official reports from Beirut show growing gravity of the situation there. Another Christian was killed yesterday. Turkish soldiers are making common cause with Mussulmans during attacks on Christians. A number of houses were pillaged and one French shop completely destroyed and French residents becoming terrified at these depredations, abandoned homes and sought refuge at the French college, where between 400 and 500 refugees are now gathered. The American naval commission, it is asserted in dispatches received here, proposed to land marines at Beirut, but foreign consuls believe the step inadvisable at this time, as it might lead to increased excitement, prevailing and precipitate the crisis. The wali of Beirut proved himself weak and incompetent to deal with the situation, therefore Nesim Pasha, wali of Damascus, was ordered to assume direction of affairs at Beirut.

PUBLISH A PROCLAMATION.

Belgrade, Sept. 9.—Army officers recently arrested succeeded to day in publishing a new proclamation calling on all officers to stand together in demanding the most severe punishments for the murderers of King Alexander and Queen Draga. The officers declare either they or the murders must leave the service. The proclamation concludes by calling for cheers for King Peter. The Serbian public now openly takes sides with the arrested officers and demands their release. Great dissatisfaction prevails on account of the appointment of General Gyulke, one of the chief conspirators, to command the army division of Nish.

A LOCKOUT.

Chicago, Sept. 9.—Acting upon advice of the Chicago Employers' association fourteen candy manufacturing concerns closed to day between 1,500 and 2,000 persons are thrown out of work, the result of strike action taken by the Candy makers' union yesterday. The employers say the lockout will continue until the candy makers dissolve their union and return to work as individuals.

TO PURCHASE BATTLEFIELD.

London, Sept. 9.—It is reported Andrew Carnegie is negotiating for the purchase of the famous battlefield Bannockburn, near Stirling, Scotland, in order to save it from falling into the hands of builders.

EARTHQUAKE SHOCKS.

Denver, Sept. 8.—Specials from north-west of here tell of earthquake shocks felt in Boulder, Loveland, Long, Mont., and Fort Collins. No damage. The shocks caused doors and windows to rattle and at Boulder houses were shook quite perceptibly.

A STEAMER MISSING.

Cleveland, Sept. 9.—The steamer John Duncan, which left Kelly's Island for this port last evening, is missing and it is feared she has foundered. The vessel carried a crew of eighteen men. It is said the boat was leaking badly when she started for Cleveland in a heavy sea. The steamer Duncan arrived at Ash-tabula this evening. The vessel and crew are safe. The boat was delayed by rough weather.

STERN SURRENDERS.

Toronto, Sept. 9.—Leopold Stern surrendered himself to police this afternoon. It is understood he will fight extradition proceedings.

RECORD BROKEN.

Boston, Sept. 8.—The women's cycle record for women for 1,000 miles was broken by Miss Sadie Knowlton, of this city, to day. She finished the circuit of that distance in 36 hours and 5 minutes, which is 2 hours and 15 minutes lower than that held by Miss Margaret Gast.

DECIDE ON MEETING PLACE.

Boston, Sept. 9.—The executive committee of the board of trustees of the United Society of Christian Endeavor to day decided to hold the international convention at Baltimore July 2-5, 1904.

BRAIN POWER ON HISTORY

ENGLISHMAN SPEAKS ON THE SUBJECT

Compares Their Position With the United States and Germany—Their Lack of Efficient Universities.

Southport, England, Sept. 9.—Before the British association for advancement of science to night Sir Norman Lockyer delivered his presidential address, entitled "The Influence of Brain Power on History." During the course of his remarks the president referring at length to the struggle for existence in modern communities, showed that British industries were suffering from international competition, dwelt on necessity for a body, such as a British association, dealing with organization of science. "Our position as a nation," he said, "and our success as merchants are in peril chiefly because our lack of completely efficient universities and our neglect of research. We in Great Britain have eleven universities competing with 134 state and privately endowed in the United States and 22 state endowed in Germany. A German state gives to one university more than the British government allows to all universities and university colleges in England, Ireland, Scotland and Wales put together. These are the conditions which regulate the production of brain power in the United States, Germany and Great Britain respectively."

The speaker made further comparisons along this line and also compared the vast sums spent by the British government on "sea power" and small amounts expended on "brain power" and advocated duplicating the navy bill of 1889 of \$120,000,000 and devoting that amount to increase Great Britain's brain power.

PUGILIST DIES.

Philadelphia, Sept. 9.—Joseph Riley, bantam weight pugilist, died shortly after midnight to night at St. Agnes hospital. Riley last night engaged in a six-round bout with Grif Jones. The fight ended in a draw and Riley seemed in good condition, but shortly after reaching his dressing room he fell to the floor unconscious. He never regained consciousness. Grif Jones, William Home, proprietor of the Southern Athletic club, and the seconds of the two men were arrested.

RECEIVER APPOINTED.

Cleveland, Ohio, Sept. 9.—A receiver was to day appointed for the Mexican Clay Manufacturing company, a New Jersey corporation, having a plant in Mexico and principal offices in Cleveland. It is stated the company issued \$5,000,000 preferred and \$500,000 common stock and its debts are \$1,000,000.

CHARTER OAK RACES

Favorites Won in All Classes—Dapone Direct's Work the Feature.

Hartford, Sept. 9.—Favorites won in all classes at Charter Oak park to day, the fine work of Dapone Direct in the Hartford futurity pace for foal of 1900 being the best feature of the day's sport. This foal literally ran away from the field and captured both first and third money by distancing Beadle in the second heat. Hartford futurity, foals 1900, pacing, \$2,500 (five starters): Dapone Direct 1 1 Filix Douglass 2 2 Beadle 3 4 Time—2:15. 2:19 trot, \$3,000 (five starters): Jay McGregor 1 4 1 1 Katrinka G 3 1 3 5 Navidad 5 2 2 2 Time—2:13. 2:14 trot, \$1,500 (six starters): The Quorum 2 1 6 1 Dreamer 1 2 4 4 Crescent 5 2 1 3 Time—2:13. DEATHS.

St. Paul, Sept. 9.—Judge Charles E. Flindrau, one of the most prominent pioneer citizens of Minnesota, died at his home in this city early to day after a lingering illness. He was a member of the first constitutional convention, later associate justice of the supreme court. Marshalltown, Iowa, Sept. 9.—Dr. Stephen P. Yoeman, at one time prominent in Iowa politics, is dead in the Iowa soldiers' home, aged 81. He was a member of the lower house in the fifties.

LIST OF VICTIMS INCREASED.

Leavenworth, Kan., Sept. 9.—The list of those injured in the collapse of the stand at the Chamberlatter yesterday was increased to nearly seventy and may reach 100. J. Hanson, aged 84, is the only one so far reported fatally injured.

PROFESSOR RESIGNS.

Ann Arbor, Mich., Sept. 9.—The board of regents of the University of Michigan to day accepted the resignation of Judge A. K. McAvoy, professor of law.

DIED FROM SHOCK

Accusation of Theft Results in Death of Mrs. Boyeson of Chicago.

Laporte, Ind., Sept. 9.—Mrs. Jannie Stewart Boyeson, of Chicago, died to night at Asheville, N. C., as the result of nervous shock following accusations of theft. While Mrs. Boyeson was at a hotel near Spartanburg, S. C., the room of a guest was robbed of \$600 worth of jewelry. The landlord accused Mrs. Boyeson. She was not in good health and the charge resulted in her physical collapse. Before she died she instituted a \$50,000 damage suit against her accuser in the federal court of Charleston. Mrs. Boyeson had done considerable newspaper work and was a musician of marked ability.

CLEVELAND, HILL, BRYAN.

New York, Sept. 9.—Senator William A. Clark, of Montana, returned yesterday from the Hamburg-American liner Deutschland from a two months' trip abroad. He declared he did not wish to discuss politics, but at the same time he made some interesting statements in regard to presidential possibilities and Democratic politics.

"I think we should have a monetary reform which will give us a more elastic currency," he said. "I also favor a revision and modification of the tariff. So far as our next presidential candidacy is concerned, I am confident that if we nominate the right man we will win. "Mr. Cleveland can not get it, nor can Mr. Hill. The next Democratic convention will be no cut and dried affair. The nominee will be chosen on the floor of the convention and not before."

"I believe in a strict policy with Turkey. The affairs in the Ottoman empire, however, have not caused nearly the sensation abroad that they have in the United States."

BROKE TROTTING RECORD.

Syracuse, N. Y., Sept. 9.—The world's record for trotting geldings was to day broken by Major Delmar. He accomplished the distance in 2:01½, clipping a second from his own mark and three-quarters of a second from the former world's record established by Crescens. The time by quarters: 31¼, 1:01½, 1:31½ and 2:01½.

NEGRO NEARLY LYNCHED.

Chicago, Sept. 9.—Because he was accused of sealing chickens, John Brinkley, colored, shot and killed John McCarthy last night and was himself severely beaten by a crowd of McCarthy's neighbors and only escaped the rope by the combined efforts of four policemen with drawn revolvers.

KILLED IN WRECK.

Waupaca, Wis., Sept. 9.—Thomas Kill-dort and John Lox were killed in a freight wreck on the Wisconsin Central in this city.

MOONSHINING IN CHICAGO.

Chicago, Sept. 9.—An illicit still perfectly equipped was raided to night by federal officials at 75 Evergreen avenue. Samuel Barron, alias Marcus, alleged owner, was arrested and Samuel Levinson and wife, who it is alleged knew of existence of the still, are under guard of government officials. All are Russian Jews who have lived at the place ten months, the moonshining plant having. It is alleged been started directly the trio came to Chicago from Russia. More than 800 gallons of khisky were seized.

PART OF HUMAN BODY.

Albany, N. Y., Sept. 9.—A severed human foot and lower leg of a man was found to day beside the barn of the Hotaling hotel at Coeymans. It was in a pastboard box with a vest and empty bottle. The front of the vest was slashed as if with a knife and in the pocket was a note which indicated murder had been committed.

WANTS LOU DILLON.

Philadelphia, Sept. 9.—Walter Hines, a prominent member of the Road Drivers' association, has forwarded to C. K. G. Billings an offer of \$60,000 for Lou Dillon, queen of the trotting turf. For years past Mr. Hines' ambition has been to own the fastest horse procurable, and his offer to Mr. Billings for Lou Dillon is a bona fide one. Mr. Hines would not say anything beyond the fact that he was willing to spend \$60,000 for the mare and hoped the answer would be favorable.

WILD ANIMALS.

Animals" was the classification under which a bushel of snails, consigned from Italy to a Louisville fruit dealer, were admitted to duty Tuesday. The customs rules do not mention snails for duty, but as the consignee was willing to pay for them as wild animals, the officers let it go at that. They are intended for table use and are said to be a great delicacy.

KILLED IN STORM.

Wichita, Kans., Sept. 9.—Mrs. Ferrell and her two year old baby were killed in a storm to day. The had sought shelter in a school house. The building was demolished and they were killed.

OPEN STATE CAMPAIGN

FIRST MEETING HELD BY OHIO DEMOCRATS

Johnson Devotes His Time to State Issues and Clarke Pays Entire Attention to Hanna and National Affairs.

Akron, Ohio, Sept. 9.—The Democratic state campaign opening meeting was held here to night, addresses being delivered by Tom L. Johnson, candidate for governor; John H. Clarke, candidate for senator, and Henry George, Jr., of New York. Johnson dwelt at length upon state issues, in which he attacked the Republican state administration. He charged Senator Hanna with having been a party indirectly in securing an injunction in favor of various public service corporations against the city.

Clarke gave almost his entire attention to Senator Hanna and national affairs. He declared speculation had been allowed to reach such proportions that the business of the country stands on the verge of collapse; that capital and labor halt in daily expectation of a panic and that the president and secretary of the treasury share this fear. He blamed high tariff for this condition. Discussing alleged unrestrained organization of trusts, he cited the decision of the Northern Securities case as proof the law is sufficient to prevent combination if it had been enforced. As a remedy he would take the tariff from all articles of manufacture or sale which are controlled by monopoly and limit capitalization of corporations engaged in interstate commerce strictly to the value of property invested. Clarke denounced the Republican policy in the Philippines and declared himself in favor of immediate independence of the Philippines.

MERCHANT KILLED.

St. Paul, Sept. 9.—Henry Nicols, a prominent wholesale merchant, member of the firm of Nicols, Dean & Gregg, was shot and killed at his home late this afternoon. The shooting is believed to have been accidental. Nicols was found dead on the floor of his room, revolver by his side and bullet hole in the temple.

BASE BALL

NATIONAL LEAGUE.

Pittsburg, Sept. 9.—Chicago played a brilliant game and made the season's record of twelve victories out of twenty games, the first time Pittsburg lost the series for two years.

| | |
|---|-------|
| Pittsburg | 1 5 0 |
| Chicago | 3 8 1 |
| Batteries—Phillips and Smith; Welmer and Kling. | |

| | |
|---|----------|
| First game— | R. H. E. |

CITY COUNCIL

Again the Water Question Is Discussed and Referred.

The city council met again last night to discuss the ever present water question, which fact precipitated quite a rain, which some one facetiously suggested settled the matter. In order that the readers of the Journal may have an opportunity to understand the proposed measure more fully, a copy is appended. It will be understood that this is the ordinance practically prepared by Judge Kirby attorney for the gentlemen named, and which they ask to have adopted by the city council. As will be seen by the report of the meeting, some minor alterations were agreed to; regarding the boundary mentioned as Superior avenue; requiring public notice of intention to shut off water on any particular part of the city, etc. Every citizen should carefully study this proposed measure and be ready to form an intelligent opinion regarding its merits.

THE PROCEEDINGS.

The council met in called session with all present except Alds. Hildreth and Moore; Mayor Davis in the chair.

The proposed ordinance was presented by Judge Kirby, who read it and explained some of its provisions. The ordinance had been printed for the use of the council and each of the aldermen had a copy in his hands. It was evident that the members of the council had given the matter considerable attention before coming to the meeting.

Mr. Naylor was present, as was Mr. Daub and Dr. Widenham.

Ald. Cobb thought the proposition very fair and thought the three gentlemen should have a chance to try their system if best, though it might not be best to leave the city plant but to let it by some means increase the water supply he would not say so. He thought the offer of the three gentlemen very fair.

Ald. Babb asked if there were any consumers south of Superior avenue in which case it might be well to change the wording of the ordinance. Judge Kirby said he had Michigan avenue in mind. The object was to leave the pumping plant and all pertaining therewith in the power and custody of the city.

Ald. Johnson asked if it would be possible to form a corporation to carry on the work of the lessees, and was told it might.

Ald. Babb thought the ordinance should provide for notice to consumers when water was shut off, and Judge Kirby agreed to the addition. The matter of meters was informally discussed; their cost and other features.

Ald. Kenedy thought the council should act one way or the other; accept or reject the ordinance.

A great deal of informal discussion and conversations followed.

Judge Kirby said the only chance for profit to these lessees would be the increased patronage, due to plenty of good water. He said Mr. Naylor was a man of great experience in water works and had constructed several systems in Peoria producing several millions of gallons daily. The source was beyond doubt, wholly independent of the river and was certain the same source of supply was available for Jacksonville. Owing to the promise of a former council to consider the matter the gentlemen had expended considerable money in experimenting here.

Ald. Ticknor asked if the city would have to pay for a superintendent, an engineer, and the mayor thought not. Ald. McGinnis thought the proposition a fair one and worthy of consideration.

The mayor asked if it wouldn't be well to have the proposed ordinance published, so the people could read and pass on it. Several thought it would.

Ald. Babb asked if the rates would be fixed for all time, and Judge Kirby said the laws of the state gave the council the power to fix the rates provided they are reasonable, all things considered. The rates named in the ordinance are maximum and can't be exceeded, except by act of the council. The law permits the city to fix rates, but all the facts must be considered, so that each party's rights may have due consideration.

Ald. Cobb moved the ordinance lie over, under the rules.

Carried.

Judge Kirby asked a special committee to discuss the matter of rates and present them at the next meeting.

Ald. Ticknor moved the ordinance be submitted to the city attorney and water committee. Carried.

Council adjourned.

AN ORDINANCE

Leasing to John M. Daub, John C. Widenham and James P. Nailon, and their assigns, the Distributing Reservoir and Distributing Water Mains Now Used as a Part of the Present System of Water Works of the City of Jacksonville, Illinois, and Granting to Them a Franchise and License to Enlarge the Present System of Water Works and to Construct, Maintain and Operate, as a Whole, Such Extended System of Water Works, and to Furnish, Deliver and Sell Water to the Inhabitants of the City of Jacksonville, and Contracting With said Daub, Widenham and Nailon, and Their Assigns, for

Water for Fire Protection and Other Public Uses for the City of Jacksonville.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF JACKSONVILLE.

Section 1. That the City of Jacksonville, Illinois, does hereby demise and lease to John M. Daub, John C. Widenham and James P. Nailon, and their assigns, hereinafter called the lessees, the present distributing reservoir of said city, and the entire system of water mains and water pipe north of Superior avenue in said city, and all fire hydrants of said city with their connections, now employed in or used as a part of the water works of said city for a term of thirty (30) years, and does hereby grant to said lessees the right during the continuance of this lease, or franchise, to furnish water to the City of Jacksonville and its inhabitants, through water mains and pipes laid in and through the streets, alleys and public grounds of the City of Jacksonville subject, however, to all the conditions, limitations and restrictions herein-after set forth and enumerated in this ordinance.

WATER SUPPLY.

Section 2. The ability of the lessees to furnish a sufficient quantity of water for all public and private uses in said City of Jacksonville shall first be determined by a test of pumping for thirty (30) consecutive days of twenty-four (24) hours each, and the water so pumped shall not be less than three (3,000,000) million gallons per day, and such test shall be made within one hundred and twenty (120) days after the passage of this ordinance.

If the first test made by the lessees shall not be satisfactory the lessees shall have the right to make a second test, if made within the said period of one hundred and twenty (120) days.

QUALITY OF WATER.

Section 3. The water to be furnished by the lessees shall be taken from tubular or open wells from which all surface water has been excluded, and when the lessees shall have shown, in the manner above mentioned, their ability to furnish three (3,000,000) million gallons of water per day, samples of the water furnished shall be submitted for analysis, to Prof. A. W. Palmer, of the Illinois State University, or his successor in office in said university, and if such samples of water are found by said Palmer or his successor, sufficiently pure and wholesome to be suitable for domestic uses and purposes, the same shall be accepted by the City of Jacksonville.

INABILITY TO SUPPLY—REPEAL.

Section 4. If the lessees shall fail to show their ability to procure water of the quantity and quality hereinbefore specified within one hundred and twenty (120) days after the passage of this ordinance, then this ordinance may be repealed, and all rights of the lessees under the same be abrogated.

ACCEPTANCE.

Section 5. In the event that the lessees shall first show their ability to furnish water of the quantity and quality herein specified, in the manner herein provided, and shall file with the city clerk of the city, within twenty (20) days thereafter, their written acceptance of this ordinance, then this ordinance and acceptance thereof, shall constitute a contract between the City of Jacksonville and the lessees, and be a measure of their rights, duties and liabilities of said City of Jacksonville and of the said lessees.

DELIVERY OF LEASED PREMISES

Section 6. After the acceptance of this ordinance by the lessees, they shall proceed with due diligence to erect their pumping station and equip the same with the proper and necessary machinery, and within fifteen (15) months after such acceptance they shall connect their pumping station with the present water mains of the city, by a water main of sufficient capacity for pumping three (3) million gallons of water per day of twenty-four (24) hours, and thereupon and not until then, shall the aforesaid leased premises be delivered to the lessees.

Provided always, that if the lessees shall be delayed in installing their water works system, by injunction, inevitable accident, strike or other cause beyond their control, the period of such delay shall be added to the aforesaid period of fifteen (15) months.

FREE WATER TO CITY.

Section 7. As a consideration for the leasing of said premises as aforesaid, the lessees shall furnish to the City of Jacksonville, free of charge during the continuance of this lease and franchise, water for the public schools, the city hall buildings and the fire hydrants of the city now in use, or hereafter put in, and shall, at their own expense, maintain and keep in repair all such hydrants and their connections; but said hydrants shall be used only in case of actual fires and for the practice of the regular fire department of the city, and for such tests and exhibitions as may be ordered by the mayor of the city, or the chairman of its committee on fire and water, and for flushing sewers by means of hose connected therewith, and none of such hydrants shall be for the use of any other person or corporation.

FAILURE TO SUPPLY—REPEAL.

Section 8. If at any time the lessees shall fail or neglect to furnish to the City of Jacksonville, a supply of water sufficient for all public and private uses, and of a quality equal

to the samples originally furnished and accepted by the city, then this ordinance may be repealed and all rights of the lessees under the same be abrogated, but temporary interruptions of such supply caused by the act of God, inevitable accident, mob violence, strikes or other cause beyond the control of the lessees shall not be deemed such failure or neglect.

SALE OF WATER.

Section 9. At and after the delivery of the demised premises by the City of Jacksonville to the lessees, the lessees shall have the right to furnish, deliver and sell water to consumers and purchasers, upon the terms stated in this ordinance, and at rates not to exceed the maximum rates hereinafter fixed in this ordinance, so long as this lease and franchise shall remain in force. The lessees shall also have the right to prescribe, and enforce, during the continuance of this lease and franchise, all reasonable rules and regulations governing the use of water, the tapping of water mains, the laying of service pipe, the examination of meters, service pipes, etc.

WATER WORKS SYSTEM.

Section 10. The system of the water works to be built by the lessees under the requirements of this ordinance, shall comprise substantially the following:

(1) A supply of good wholesome water, of the quality hereinbefore mentioned, sufficient in quantity for all public and private uses, and procured from tubular wells, or open wells, from which all surface water has been excluded.

(2) Sufficient storage therefor, which shall be provided by the maintenance of the present distributing reservoir of the city.

(3) A sufficiently large and commodious pumping station, to be constructed of stone or brick, or both, and metal, so as to be practically fire proof.

(4) Sufficient pumping machinery.

(5) The present pipe distribution system of the city, with such additions as may be hereafter made, of said system.

PUMPING STATION.

Section 11. The pumping station building shall be of modern construction, well and thoroughly built, and constructed of stone, or brick or both, and be a practically fire proof structure; and shall be of ample size to accommodate the necessary pumping machinery; and such pumping machinery shall be so arranged that any additions thereto can be made when necessary without impairing its use during the time such additions are being made.

Said pumping station may be one structure with suitable subdivisions, or may be of two or more detached buildings as may hereafter be deemed best and expedient.

Said pumping station, and the boilers, engines and machinery therein shall at all times during the term of this lease, be kept in good repair, and be sufficient to fully supply the City of Jacksonville and its inhabitants with water, and shall at all times be kept connected by telephone with the police and fire departments of the City of Jacksonville.

EXTENSION OF WATER MAINS.

Section 12. The lessees shall place new or extended water mains in connection with the present water mains of said city, in such streets as directed from time to time, by the city council of Jacksonville. But the said lessees shall not be required by said city council to place new or extended mains in any portion of the said city unless the property owners along the line of such new or extended mains shall enter into written contracts with the lessees to connect with such mains, and to take and receive from said lessees, for one year next after the laying of such mains, water at the rate herein specified, to such an extent that the total water rental to be paid under such contracts shall equal six per cent of the cost of such mains and the laying of the same; or six (6) owners of property in each block along the line of such new or extended mains shall enter into written contracts with the lessees to connect with such mains and take and receive water from the lessees at the rate herein specified, for one year next after the laying of such mains.

The City of Jacksonville shall furnish to the lessees a complete map or plat of its present existing water works system, service pipes and connections, as nearly perfect and complete as possible, and the said lessees shall make in duplicate a map or plat of all new or extended water mains and connections, one (1) of which shall be filed with the city engineer.

ADDITIONAL FIRE HYDRANTS.

Section 13. The City of Jacksonville shall have the right at all times during the continuance of this lease and franchise, by ordinance duly passed, to require the lessees, at their expense, to place upon the streets, alleys and other public grounds of the city additional fire hydrants and connect the same with the water mains now in use in said city, or with such new and extended water mains as may hereafter be laid by the lessees; and thereafter all such public fire hydrants shall be kept in repair by the lessees during the continuance of this lease and franchise. Provided, however, that the lessees shall not be required to place such additional hydrants with six hundred (600) feet of any public hydrant now connected with the water mains in said city, nor within six hundred (600) feet of each other along any such new or extended water mains.

CARE AND RESPONSIBILITY.

Section 14. In building their

works, as aforesaid, and in opening the streets for the reception of the pipes, hydrants, etc., or in doing any other work in connection with the construction, maintaining or repairing the said system of water works, lessees shall use all reasonable diligence and so far as reasonably may be, avoid any obstruction to streets and alleys.

Said lessees shall be liable for, and pay all damages which may result from the negligence or misconduct of their agents and servants in the construction or operation of said water works; and said lessees shall pay all damages and costs in all suits in which the city may be sued, either separately or jointly, with the said lessees, their successors or assigns.

The rights and privileges hereby granted to said lessees in the streets and alleys in the City of Jacksonville are granted subject to all ordinances now in force, or which may hereafter be passed by the city council of the city, governing the opening of trenches on its streets and alleys.

WATER RATES.

Section 15. From and after the delivery to the lessees of the said demised premises, the lessees may, during the continuance of this franchise and lease, charge and collect from all consumers of water not using meters, annual water rates as prescribed in the following "Table of Water Rates," and such water rates may be collected either monthly, quarterly or semi-annually, as the lessees may prescribe by their rules and regulations.

TABLE OF WATER RATES.

The water rates to be charged, subject to the provisions of this ordinance, shall be as follows, per annum:

| | |
|---|-------|
| Armories, special or meter. | 10.00 |
| Bakeries, special or meter. | 6.00 |
| Banks. | 6.00 |
| Bath tubs, public. | 5.00 |
| Bath tubs in private houses. | 3.00 |
| Bath tubs in private houses, each additional tub. | 2.50 |
| Barber shops, each chair. | 3.00 |
| Barber shops, each additional chair. | 1.00 |
| Billiard rooms, six tables or less. | 1.00 |
| Billiard rooms, each additional table. | 1.00 |
| Blacksmiths, one fire. | 1.00 |
| Blacksmiths, each additional fire. | 1.00 |
| Boarding and lodging houses, six rooms or less. | 6.00 |
| Boarding and lodging houses, each room over six. | 5.00 |
| Boarding schools, six rooms or less. | 6.00 |
| Boarding school, each room over six. | 5.00 |
| Book stores. | 6.00 |
| Bottling establishments. | 15.00 |
| Breweries, meter. | 6.00 |
| Bowling alleys. | 6.00 |
| Building purposes, special. | 12.00 |
| Butchers. | 12.00 |
| Candy factories. | 12.00 |
| Churches. | 6.00 |
| Cigar factory. | 6.00 |
| Club rooms. | 6.00 |
| Commercial college. | 6.00 |
| Confectory and ice cream. | 10.00 |
| Dental office. | 6.00 |
| Drug stores. | 10.00 |
| Dwelling houses of six rooms, occupied by one family. | 5.00 |
| Dwelling houses, for each room additional over six. | 5.00 |
| Dyeing or scouring house, special or meter. | 15.00 |
| Eating houses. | 12.00 |
| Mountains, special. | 12.00 |
| Glass or tumblers washer. | 15.00 |
| Gas works, meter. | 15.00 |
| Greenhouses, special or meter. | 15.00 |
| Hose, special or meter. | 15.00 |
| No hose shall be used unless a permit for same has been applied for and allowed by the superintendent; and in no case shall it be over three-fourths of an inch in diameter, or be used without a nozzle and the nozzle shall not exceed one-fourth of an inch in diameter; said hose shall not be suffered to run when not used in sprinkling. Adjusting on temporary or fixed supporters or devices of any kind arranged to sprinkle automatically may be allowed on payment of three dollars extra for the season. | |
| Hotels, special or meter. | 12.00 |
| Hydraulic beer pumps. | 6.00 |
| Ice cream saloons. | 12.00 |
| Laboratories, special or meter. | 12.00 |
| Libraries, public, free. | 12.00 |
| Locomotive, special. | 12.00 |
| Lodging houses, six rooms or less. | 6.00 |
| Lodging houses, each additional room. | 5.00 |
| Lumber offices. | 6.00 |
| Manufacturing establishments, special or meter. | 12.00 |
| Motors, all purposes, special. | 12.00 |
| Offices and sleeping rooms, not over two persons. | 4.00 |
| Offices and sleeping rooms, each additional person. | 1.00 |
| Photograph rooms. | 10.00 |
| Printing offices, motors and engines. | 12.00 |
| Extra. | 12.00 |
| Public houses. | 12.00 |
| Restaurants. | 12.00 |
| Railway depots, special. | 12.00 |
| Saloons. | 12.00 |
| Stables, livery, special or meter. | 12.00 |
| Stables, private, one horse, including harness, carriage and driver. | 2.00 |
| Stables, each additional horse, cow or carriage. | 1.00 |
| Stores, 27 ft. front or less, including building of stone and masonry. | 4.00 |
| Stores, each additional front foot. | 2.00 |

| | |
|--|-------|
| Stores, basement. | 2.00 |
| Schools, public, free. | |
| Schools, parochial, free. | |
| Schools, private. | 6.00 |
| Schools, boarding, six rooms or less. | 6.00 |
| Schools, each room over six. | 5.00 |
| Soda fountain. | 4.00 |
| Steam engines, ten-horse power or less, 12 hours, per horse power, meter. | |
| Steam engine, ten-horse power or less, 24 hours, per horse power, meter. | |
| Steam engines, ten-horse power, meter. | |
| Steam boilers for eating houses, meter. | |
| Steam boilers for stores or public buildings, special. | |
| Street sprinklers, per cart, per month. | 25.00 |
| Sprinkling lawns and gardens, four hours a day from April to Nov. 1, per 1,000 sq. ft. | 1.00 |
| Sprinkling, when not taken in house. | 2.00 |
| Sprinkling by automatic attachment, extra, per season. | 3.00 |
| Sprinkling sidewalks and streets in front of dwellings, same as lawn sprinkling, same condition. | |
| Urinals, public, with constant flow, special. | |
| Urinals in private boarding houses and saloons. | 4.00 |
| Urinals in blocks and factories. | 2.50 |
| Urinals in stores and offices. | 2.50 |
| Urinals in private houses. | 1.00 |
| Warehouses, special. | |
| Water closets in private houses. | 2.50 |
| Water closets in public buildings. | 5.00 |
| Work shops, ten persons or less. | 6.00 |
| Work shops, each additional person. | 25 |

The lessees may also, during said period, charge and collect from all consumers of water using meters, the annual water rates stated in the following "Table of Meter Rates," and such water rates may be collected monthly, quarterly or semi-annually, as the lessees may by their rules and regulations prescribe.

TABLE OF METER RATES.

| | |
|---|------|
| Less than 300 gallons per day, per 100 gallons. | 1.00 |
| 300 to 400 gallons per day, per 100 gallons. | 1.00 |
| 400 to 1,000 gallons. | 1.00 |
| 1,000 to 3,000 gallons. | 1.00 |
| 3,000 to 5,000 gallons. | 1.00 |
| 5,000 gallons and upward, per 100 gallons. | 1.00 |
| 10,000 gallons and upward, per 100 gallons. | 1.00 |
| WATER METERS. | |

Section 16. Any consumer of water supplied by lessees may either put in a meter at his own expense and thereafter pay the meter rates above provided, or he may consume water without a meter, paying the schedule rates above set forth, and may at any time make a change from one system to the other at his own expense. Provided, however, that the lessees may also at any time require any consumer not using a meter, who willfully, recklessly or carelessly wastes water, to attach a meter to the service pipes on his premises at his own expense, and upon his failure to do so, the water may be shut off from his premises by said lessees until such meter shall be so attached.

Any consumer may purchase a meter of approved and standard make and shall have it placed in such position on his premises that the same may be easily inspected at all times; and such lessees shall have free access at all times to the premises of every consumer, for the purpose of inspecting the service pipes and plumbing and for the purpose of reading in the meter and testing its accuracy. Whenever any meter shall be found to be inaccurate it shall at once be replaced by the consumer of water at his own expense by another meter of standard make, which shall be first tested by the lessees or by the water superintendent of the City of Jacksonville.

TEMPORARY INTERRUPTION.

Section 17. Nothing herein contained shall be so construed as to prevent the lessees from shutting off the water from the water mains and pipes, or any part thereof, for the purpose of making repairs or extensions to the same; and the lessees shall not be liable for any damages sustained by so shutting off water, provided the repairs or extensions are made with all reasonable diligence and water again turned on without unnecessary delay.

PROTECTION OF PROPERTY.

Section 18. Said City of Jacksonville shall and will pass and enforce ordinances forbidding any injury to the property hereby leased to the lessees, or used by them in the operation of their water works system, and

STATE OF ILLINOIS.

County of Morgan.

In the County Court of said County, in the September Term, A. D. 1903.
Charles B. Lewis, administrator of the estate of Anna M. Sperry, deceased, vs. Charles O. Sperry and others.—Petition to sell real estate to pay debts.

Ward and Charles O. Sperry, defendants in said suit, having filed in the office of the clerk of said county court of Morgan county, notice is hereby given to the said Frank Ward and Charles O. Sperry that the said petitioner, the administrator of said Anna M. Sperry, deceased, has heretofore filed his petition in said county court of Morgan county, praying for a decree for the sale of the real estate belonging to the estate of the said deceased, and described as follows, to-wit: Part of lot 192 in the original plat of Jacksonville, Morgan county, Illinois, beginning on the east line of said lot 192 at a point 20 feet north of the southeast corner of said lot 192, thence running north 10 feet, west 22 feet, south 26 feet to the south line of said lot 192, east 6 feet, north 20 feet, east 24 feet to the beginning; and that a summons has been issued, and that a return against you, returnable to the September term, 1903, of said court, to be held on the seventh day of September, A. D. 1903, at the court room in the city of Jacksonville, in said county.

Now, unless you, the said Frank Ward and Charles O. Sperry, shall personally be and appear before the said county court of Morgan county, Illinois, on the seventh day of September, A. D. 1903, and plead, answer or demur to the said petition filed herein by said petitioner, the same and the matters and things therein charged and stated will be taken as confessed and a decree entered against each of you.

EDWARD M. KINMAN,
Solicitor for Petitioner.

Mr. and Mrs. E. E. Hatfield have returned from a visit of several weeks in Kansas City.

Mrs. H. H. Oneal has returned from Bay View, where she has been spending the summer.

Mrs. Gus Hoffman expected a visit yesterday evening from her mother, Mrs. L. Benjamin, of Chicago.

VISIT-OUR KITCHEN DEPARTMENT. RAYHILL'S.

Traveling Passenger Agent Logan, of the Southern railway, was in the city on business Wednesday.

Call and see the fall stock of millinery at Loneragan & Smith's whether you are ready to buy or not.

Mr. and Mrs. Samuel Dinwiddie, of the vicinity of Litterberry, were trading in the city yesterday.

Fred R. Pugh and wife, of Waverly, left Wednesday for Victor, Mo., to visit at the home of J. A. Pugh.

Mrs. Sallie Stringham has returned home from Benton Harbor, Mich., after a month's visit with friends.

J. Hancock Harmon has returned to his duties in New York after a visit with his parents in this city.

Buy your oil, paint and roofing at Wilsonville; cheaper than Jacksonville.

Editor H. W. Clendenin and son George, of the Springfield Register, were in the city on business Wednesday.

Mr. and Mrs. James Allen and Mr. and Mrs. John Allen have returned from a visit with friends in Pekin and Peoria.

HAND PAINTED CHINA at RAYHILL'S.

Miss Minnie Alkire has gone to Lincoln, Ill., where she has a position as teacher in the Odd Fellows' orphans' home.

Miss Agnes Mae Prillmayer returned to her home in Mt. Sterling Wednesday, after a visit of several days with friends in this city.

The best instruction in music, art and elocution is at the Woman's college.

Mr. and Mrs. Charles S. French and Mr. and Mrs. John Onken, all of Chapin, have returned from an enjoyable tour of Yellowstone park.

Mr. and Mrs. Irving Dunlap and Ralph Dunlap left Wednesday afternoon for Eureka Springs. Ralph Dunlap expects to return in a few days.

RAYHILL FOR CHINA.

Mrs. H. C. Branson and daughter Helen, who are visiting Mr. and Mrs. C. H. Ward, left Wednesday for Taylorville for a brief visit and will return here Friday evening.

Mr. and Mrs. O. Burgess, who have been spending a part of the summer with their daughter, Mrs. F. W. Rockwell, have returned to their home in Wichita, Kans.

\$2.70 to Louisiana, Mo., and return via THE ALTON, Sept. 14 to 19, inclusive; final limit, Sept. 21; account street fair and carnival.

George Watson, a graduate of the class of 1902 of Illinois college, who has been spending the summer in Chicago, returned home Wednesday and will teach the Lynnville school the coming year.

Miss Marie Scott has ended a pleasant visit with her uncle, Dr. Hulett, of Springfield, and has returned home to take up her studies in the high school the coming term.

T. C. Waters, of Palmyra, was in the city yesterday, relative to making arrangements for the removal of his family to this city for the purpose of educating his children.

J. G. Capps has gone to Chicago to meet his wife and son and Mrs. Warren Case and son, who have been spending several weeks at Omena, Mich.

Mrs. S. W. Robinson, of Warrensburg, Mo., who has been visiting at the home of her mother, returned to her home Wednesday. She was accompanied as far as St. Louis by her sister, Mrs. Miller.

Mrs. S. J. Hayden, who formerly lived just west of the city, has now a pleasant home on Park street which will be more convenient for her two daughters, who are acceptable teachers in the public schools of the city.

Only \$10.45 to numerous Texas points and return via THE ALTON Sept. 15; final limit Oct. 7, 1903. DON'T MISS IT.

Lyman Joy, of Joy Prairie, has returned from an extended visit in Boston and the east. He enjoyed the rare opportunity of witnessing the international yacht races and in every respect his trip was a most delightful one.

Rev. W. A. Moore, pastor of the Bethel A. M. E. church, has been seriously afflicted by the protracted illness of his wife. The second time he has been obliged to have a surgical operation performed and she is now at the Passavant hospital, where she will have to remain yet awhile. The affliction is doubly hard for him in his straitened circumstances.

SALVATION ARMY.

Special meetings will be held, as follows, on Saturday, Sept. 19: The Salvation Army will give an outing to 150 poor children with their mothers. They will be taken to the west end park, where the day will be spent in giving them a good time. A picnic dinner of good things will be provided for all. Captain Spencer and Captain Taylor, of the local corps, will be calling upon the business men of the city for funds to assist with the expenses. The children and mothers will meet at the army hall between 9:30 and 10:30 a. m., Saturday, Sept. 19, and from there will be taken to the park, where everything will be done to make the outing a grand success. Major and Mrs. Smith, of Peoria, will be with us and will lecture on the junior work of the army. Major and Mrs. Smith are both very talented officers and are worth going a long way to hear. They will be with us for the meetings Saturday night and all day on Sunday, Sept. 19 and 20. Any one wishing to contribute any article of food or fruit, may send it to the army hall, or if more convenient, we will be glad to call for the same at any time between this and the 19th of the month. Collecting boxes will be found at several business places in the city.

Thanking you for past favors and trusting that you will be able to help us at the present time, for which we feel confident the Lord will bless you, I am yours to help the fallen,

Capt. M. G. Spencer,
Officer in Charge.

THE WOMAN'S COLLEGE.

Enrollment day is Tuesday, Sept. 15. President Barker is at home every day, and is glad to talk with parents or young women about school work.

Professor Stead will be at the college daily from 9 to 12. Those who wish time with special teachers should arrange early.

A MOTHER'S PRIDE.

It is not every day that Jacksonville can welcome home one of her children with the proud welcome it will accord to Miss Irene Duckett.

Few, if any, of our girls who have chosen the stage as a profession, have gained so enviable a place in the crowded ranks of the profession as this beautiful and petite daughter of Jacksonville.

She appears here in the charming ingenue role of Isadora de Oro in the coming production, "Royal Slave," a very beautiful and original play of life in Old Mexico, in the time of Maximilian, the emperor.

Her acting is faultless and the wonderful charm of her personality and beauty holds all hearts captive. Do not fail to see this attractive and talented lady, who like the late Sol Smith Russell, is one of the dramatic diamonds, dug from our minds, and whose lustre we may claim to share.

Grand opera house, Saturday matinee and night.

COKE! COKE!!

TEMPORARILY and subject to change of price at any time, we will sell uncrushed coke at 9 cents per bushel; crushed coke at 11 cents per bushel. These prices are for immediate delivery only.

Jacksonville Gas Light and Coke Co. Aug. 21, 1903.

APPOINTED DIRECTOR.

The friends of Miss Mary E. Dickson will be pleased to learn that she has been appointed musical director in the University of Puget Sound.

She is to have entire charge of that department. Her sister is also to have a position in the same institution. While it is a merited honor conferred on Miss Dickson, the university is more to be congratulated upon having obtained a woman of her estimable character, and a musician and teacher of rare ability, and large experience.

SCHOOL NOTICES.

The high school students will meet in the auditorium, high school building, for enrollment as follows:

Freshmen, Thursday, Sept. 10, at 9 a. m.

Sophomores, Thursday, Sept. 10, at 2 p. m.

Juniors, Friday, Sept. 11, at 9 a. m.

Seniors, Friday, Sept. 11, at 2 p. m.

Principals' meeting Thursday, Sept. 10, at 2:30 p. m.

General teachers' meeting Saturday, Sept. 12, at 2:30 p. m.

Office hours, each afternoon this week except Thursday and Saturday.

E. E. Webster,
Superintendent City Schools.

SCHOOL NOTICES.

I will be in my office at the high school building Thursday, Friday and Saturday afternoons of this week and each afternoon next week, except Thursday and Saturday, for the purpose of consulting with pupils, parents and teachers.

Principals will meet at the superintendent's office Thursday, Sept. 10, at 2:30 p. m.

General teachers' meeting will be held Saturday, Sept. 12, at 2:30 p. m., in the lecture room, high school building.

E. E. Webster,
Superintendent of City Schools.

Only \$5.35 to Chicago and return via THE ALTON, Sept. 26, 27 and 28. Final limit Oct. 5. Account CHICAGO'S CENTENNIAL CELEBRATION. Six big days and something to see all the time. There will not be another for 100 years, so don't fail to attend this one.

Bell and Illinois Phones: Nos. 64.

HE IS FOR YATES.

Mr. Carl Democrat: J. Mack Sholl, bank examiner of Carthage, Ill., was here Friday morning. He was formerly secretary of the Republican state central committee and is an ardent Yates man at present. He says he finds the farmers all over the state are for Governor Yates. They know he showed his backbone and true grit when he vetoed the many bills passed by the last legislature, which would have heaped a most burdensome tax on the farmers had he signed them. Mr. Sholl says there isn't many circuit judges for the governor because he wouldn't stand for their salary grab of \$5,000 a year, nor are many of the old legislators for him because he would not allow them to double their salary, but the people are with him.

PEARY ARCTIC EXPEDITION.

Commander Robert E. Peary has been granted a three years' leave of absence by the acting secretary of the navy, with the president's approval, and will devote all or a portion of that period, as the case may be, to another attempt to reach the north pole, says the Chicago Tribune. He will have as fine a vessel and equipment as money can furnish him. He has an intimate knowledge of the arctic region, derived from frequent experiences there. He is well acquainted with the Eskimos, and they have confidence in him. He has devoted twelve years of his life to arctic exploration, and in that time has made four or five visits to that inhospitable yet fascinating region for adventurous spirits. His expedition will not start until July 9 next year, and his dash for the pole will be made in February, 1905. Should he not succeed, he will attempt it again in the following year. There is now an American expedition, the one fitted out by Mr. Ziegler, waiting the opportunity for a dash, but Peary will probably have his opportunity also, and others after him. The pole is alluring, but elusive. Still, the good wishes of American people will go with Peary. If courage and persistence count for anything, he should have the honor of the discovery, and if not that, then of lowering the record of farthest north, now held by the Duke d'Abruzzi's party, which got within 241 miles of the pole in 1900. Peary may get still nearer, even if he does not reach it. That will be a little consolation, for it is not likely he will make another attempt.

AN INQUIRY.

Postmaster Kreider has received a letter from Mr. and Mrs. W. M. Tyler, of 6327 Peoria street, Chicago, asking for information regarding their nephew, Robert Cook, who was taken sick in this city on his way to Danville during the week of Aug. 1 to 7. A friend wrote for him from this place and advised sending money for his ticket to Danville by telegraph, which was done. The money was never paid here and was afterward refunded at Danville. The next word heard from Cook was from the head nurse at a Springfield hospital asking that his mother come to his bedside at once. He died in the Springfield hospital and was unconscious when his mother reached him. Mr. and Mrs. Tyler are anxious to know the name of the person who wrote the letter for their nephew from this place, and who otherwise kindly assisted him, and have asked that the above account be printed in the hope of obtaining the desired information.

REPUBLICAN PRIMARY—NO. 8.

A primary of the Republicans of district No. 8, Jacksonville precinct, will be held at the court house in the circuit room Thursday evening, Sept. 17, 1903, at 8 p. m., for the purpose of electing thirteen delegates to the county convention.

James H. Danskin,
Committeeman No. 8.

REPUBLICAN PRIMARY.

The Republicans of Alexander precinct are requested to meet in Yehle's hall on Friday, Sept. 18, at 2 o'clock p. m., for the purpose of selecting five delegates to the county convention; also one (1) member of central committee. By order of
Samuel Edwards,
Acting Chairman.
Dated Sept. 8, 1903.

TORNADO AT QUINCY.

Quincy, Sept. 9.—A tornado struck the eastern outskirts of this city to night, destroying a half a dozen houses, the occupants of which escaped without serious injuries, except in one instance. Mrs. John Schaefer was fatally injured in the wreck of her residence.

BRITISH OFFER
TO THE ZIONISTSFeatures of Territory Tendered
For Jewish Settlement.

A HEALTHY AND FERTILE REGION

Mr. Harry Johnston Regarding the Uganda Plateau as Unparalleled in Tropical Africa—Well Watered and Covered With Noble Forests—Climate Favorable to White Men.

When the British government recently offered the Zionist conference at Basel so considerable a stretch of territory in east Africa for Jewish settlement it volunteered to give away one of the most remarkable as well as one of the most interesting tracts of land in the world today, says a special cable dispatch from London to the Philadelphia Press. The great plateau of the Uganda region is not only one of the very few in all Africa where white men may live and prosper, but it is a land as well which is both inviting in all those respects which should make life worth living, and abounding, too, in much of the mystery and glamour which have for so long hung over the central stretches of the dark continent. The Victoria Nyanza region, where the Nile takes its birth, lies 3,820 feet above sea level, a land remarkable for its forests and plains and unique in its Mau escarpment, a mighty stone wall thrown up by nature with a regularity almost as marked as though it were man made, which faces upon a sunken valley, called "The Great Rift." About this rise mighty mountains, which are almost beyond question those which figured in the geographical stories of the ancients as "the Mountains of the Moon."

When, even in comparatively modern times, the coast lands of Africa had been opened up by discovery and no mountains of any unusual size had been found it was assumed that these Mountains of the Moon could have existed only in the imaginations of those who first wrote of them. But the geography of today has found in such peaks as Mount Kenia and Mount Kilimanjaro, which rise 18,000 and 19,000 feet above the surrounding country, full warrant for all stories of the past. Sir Harry Johnston, who undoubtedly knows more of the Uganda region than any other man living, in his report on the country made as special commissioner for the Uganda protectorate describes it as unparalleled in tropical Africa. He declares it to be admirably watered, fertile and cool, covered with noble forests and but sparsely inhabited. He adds that it is quite as healthy for Europeans as Great Britain itself. A very interesting feature of his report has to do with the various vegetable growths of the country, which would seem to be remarkable for the size they assume. Plants which in the temperate zone are properly regarded as small attain in the Uganda a growth many times that which is characteristic of them in lands farther north.

As for the people—and, one might also say, "as for the neighbors who" they make up in peculiarities what they lack in numbers. The tract of territory which has been offered by Great Britain is perhaps 200 miles long by 90 or 100 miles in width. In that there are now living seven distinct tribes of African natives, one of them already in a state of some civilization, but the other six characteristically barbarous, though Sir Harry Johnston is the authority for the statement that all of them are well disposed toward the white man and willing to study and imitate his ways. The Baganda people wear European clothes—that is, Turkish garments—and most of them speak a little French or English. The other peoples of the region still go in the state of undress so long associated with African natives.

Probably the strangest of the tribes are the Kavirondos, whose cannibal traditions still prompt them to file their teeth to needle-like points, and the famous Kikuyu dwarfs, a tribe of diminutive hunters which wanders over the greater part of eastern Africa between the Victoria Nyanza and the vicinity of the Indian ocean.

Power Without Water or Coal.

A new motive power has been discovered by S. F. Stearns, the inventor, who is now in New York putting in a plant which it is claimed will reduce the cost of generating power 40 per cent, says a Joplin (Mo.) dispatch. In its operation there is no need for coal, boilers or water. The power is said to be supplied by some sort of combustion which, properly distributed, will do the work. Mr. Stearns has interested with him in the enterprise J. A. Hardy, a millionaire mine owner of Webb City, and F. M. Cummings of Joplin. One of the devices was recently installed in a big mining plant near Joplin and is said to be a success.

Queen Lou.

What makes the cloud of dust arise across the yellow track?
What is it in the midst that moves with speed that doesn't slack?
Why do the people crane their necks?
Why do their eyeballs flash?
What is the noise of breaking things?
What is the sound of a crash?
For Dillion, great Lou Dillion, makes them wonder where they're at
By circling round the magic course in just two minutes flat!

Lou Dillion, Louie Dillion, you're the greatest of 'em all!
You knocked the props from under and you gave 'em such a fall!
You clinched your fame forever as around the course you raced.
Lou Dillion, Louie Dillion, here's a double health to you!

LIBRARY GUARDS
STATE HISTORYInstitution Preserves Records
of Note in Connection With
Illinois Developments—Publications of Interest Issued.

In the state house is a small, crowded room, well known to the students of state history. The Illinois state historical library was organized in 1889, by earnest men who saw with regret that no organized and systematic effort was making to collect and publish the history of the state, and that as the pioneers passed away, and their stories all unwritten, such chapters of state history must be forever lost. Old books, manuscripts and records were being lost and destroyed and the long delay made it likely that many would be found with difficulty and many never found.

When the library was finally organized the secretary of state was authorized to turn over to the trustees of the new library such books as might be in the state library proper which bore directly upon the history of the state. Secretary of State Pearson accordingly turned over to the trustees 442 books and pamphlets. This was the beginning and from that meagre nucleus has grown a collection of about 15,000 books, pamphlets and manuscripts, all bearing directly or indirectly upon the history of Illinois, through the various steps of its existence and growth—as a part of Virginia, a part of the territory of the United States, northwest of the River Ohio, a part of Indian Territory and the state of Illinois.

It lost its name "Illinois" while it was a part of Indian Territory, from 1800 to 1809, and the residents of old "Illinois county" at Kaskaskia and Cahokia were delighted to get it back again when it was set off as an independent territory of the United States under its old name of Illinois. FIRST BOARD OF TRUSTEES.

Governor Fifer appointed as the first board of trustees of the library H. W. Beckwith, of Danville; E. F. Leonard, of Peoria, and Dr. Arthur Edwards, of Chicago. Mr. Leonard soon resigned and Judge William L. Gross, of Springfield, was appointed in his place. There have been few changes in the board of trustees since its organization. Judge Beckwith has been president continuously except during the term of Governor Altgeld, during whose administration the trustees were Hon. Lambert Tree, president; Robert A. Gray, vice president; J. Nick Perrin, secretary. Mr. Perrin resigned in 1896 and William H. Snyder, of Belleville, was appointed to fill the vacancy. Governor Tanner appointed the present board of trustees in 1897 and Governor Yates continued them in office.

When the library was organized Mrs. Joseph P. Cleveland was appointed librarian and she performed most faithfully the duties of the position until her death in 1897. The present librarian, Mrs. Jessie Palmer Weber, was appointed to fill the vacancy occasioned by the death of Miss Cleveland. Mrs. Weber is the daughter of the late Gen. John M. Palmer, who served Illinois so long and faithfully and who contributed some important pages to its history. In her capacity as librarian and also as secretary of the society, Mrs. Weber is both situated and qualified to make the work of the society, as a department of the library, grow and progress in a way that will serve the end and aim of both.

The library and its work has been steadily growing and now the present quarters are so crowded that it requires planning to introduce a new article of furniture and there is hardly room for a new book in the cases or a new picture on the walls. COMPLETE SET OF STATE LAWS.

One of the features of the library is its complete set of the laws of Illinois, territorial and state. There is also to be found there a set of the journals of the general assemblies of the state, complete with the exception of the senate journal of the second session of the first general assembly, published at Kaskaskia, 1819. There is a rare collection of books of travel, written by persons who visited the Mississippi valley in the olden time, histories of the counties of Illinois, the old and rare histories of the state, by Gov. John Reynolds, Gov. Thomas Ford, Henry Brown, of the Illinois bar, Judge Sidney Breese and others less noted.

But the feature which appeals most to the stranger is the collection of Lincolniana. The library owns about 150 books relating to Lincoln, about twenty pamphlets and more than twenty pictures of him at various stages of his life. The board of trustees is endeavoring to secure for the people of the state the greatest collection of Lincolniana in the world. Visitors from every state and from every land express the warmest interest in this collection.

The librarian, Mrs. Weber, some time ago obtained from the board of supervisors of Sangamon county permission to take from the records of the county all papers in the county records bearing on the early history of the capital, which was then in Sangamon county. These papers consist of petitions for the opening of roads, election returns and reports of road reviews. Lincoln cast his first vote in Cleary's grove precinct, Aug. 1, 1831. He voted for James Furey for congressman; for Bowling Green for magistrate; and for John Armstrong for constable. He was at that

time 21 years old. This paper, with many others of like nature, is to be found in the library.

LINCOLN'S MARRIAGE LICENSE.

The marriage license of Abraham Lincoln and Mary Todd, issued by the county clerk of Sangamon county and returned by the officiating clergyman to the county records after the ceremony had been performed, is another rare paper to be found in this collection. Mr. and Mrs. Lincoln were married Nov. 4, 1842, at the home of Mrs. Ninian Wirt Edwards, a sister of Mrs. Lincoln. Dr. Charles Dresser was the officiating clergyman.

The library has, too, a collection of the reports of state officers and state boards. It has an interesting collection of books relating to the Mormons in the state, at Nauvoo, Hancock county.

Illinois is far behind her neighboring states in fostering and encouraging the collection and publishing of state history. Wisconsin, which was once a part of Illinois, has a magnificent building for its State Historical society, in which it has stored and classified for reference a really noteworthy collection of historical material of various kinds. The trustees of the Illinois society have been working hard, with the limited means and limited quarters at their command. These gentlemen—Hon. H. W. Beckwith, of Danville, a man who has made a lifelong study of Illinois history and whose private collection of historical material relating to Illinois is unrivaled; President E. J. James, of Northwestern university at Evanston, whose reputation as an educator and man of letters is not limited to America, and George N. Black, of Springfield, who is prominent in the affairs of central Illinois—all serve the state without compensation. They have issued and distributed within the last four years seven publications of interest to the people of the entire west, as follows:

BOOKS PUBLISHED BY TRUSTEES.

1. A Bibliography of Illinois Newspapers, published prior to 1860, edited by Edmund J. James, Ph. D., 1899.
2. Information Relating to the Territorial Laws, passed 1800-1812, edited by Edmund J. James, Ph. D., 1899.
3. The Territorial Records of Illinois, 1800-1818. Journals of the First Territorial Legislature of Illinois, 1812, edited by Edmund J. James, Ph. D., 1901.
4. Transactions of the Illinois State Historical society, 1900, edited by E. B. Greene, Ph. D., 1900.
5. Alphabetical catalogue of the books, manuscripts, pictures and curios of the Illinois State Historical Library, compiled under the direction of the board of trustees, by the librarian, Mrs. Jessie Palmer Weber, 1900.
6. Transactions of the Illinois State Historical society for the year 1901.
7. Transactions of the Illinois State Historical society for the year 1902.

These publications have been sent out to the libraries of the state, the newspapers, state libraries of the country, historical societies, county superintendents of schools and many private individuals.

ORGANIZED HISTORICAL SOCIETY.

The board of trustees of the library realized that the way to build a great historical collection was to interest the people of the state at large, and they took an active part in the organization of the Illinois State Historical society, which was the result of a preliminary meeting held at the University of Illinois, in compliance with a call for such a meeting, signed by three trustees of the library, Dr. J. F. Snyder, Virginia, Ill.; William B. Sandham, Wyoming, Ill.; the executive committee of the McLean County Historical society; Judge G. W. Young, Marion; Judge J. O. Cunningham, president of the Champaign Historical society; President A. S. Draper, of the University of Illinois; Professors Pillsbury, Kinley, Barton and Greene of the same institution.

The annual meetings of the society have been of great interest. Addresses have been made at them by distinguished speakers who were interested in the history of Illinois and who had, most of them, borne some share in the making of the history of which they spoke.

LEGISLATURE RECOGNIZES SOCIETY.

All of the active members of the society were anxious that the state would recognize the organization in some substantial way. In the session of the legislature of 1901 a bill was prepared providing that the Illinois State Historical society be made a co-ordinate branch of the State Historical Library. This bill did not pass. At the last session of the general assembly, 1903, the friends of the society asked that this be made a department of the library. This measure did pass and is now a law. On July first last the State Historical society became a part of the

SO SOOTHING

Its Influence Has Been Felt

by so Many Jacksonville Readers.

The soothing influence of relief After suffering from itching piles, From eczema or any itchiness of the skin.

Makes one feel grateful to the remedy. Doan's Ointment has soothed hundreds. Here's what one Jacksonville citizen says.

Anthony Ward, of 1025 North Main street, says: "For fifteen years I was troubled with a severe irritation on my body and nothing I employed brought good results until I procured Doan's Ointment at Dr. H. Lee Hatch's drug store and used it. The effect was prompt and in a short time the trouble was removed. I had also suffered from eczema on my forehead and although I treated for it with physicians they could do it no good. A few applications of Doan's Ointment entirely removed it. This reliable preparation is a true specific for skin diseases." For sale by all dealers. Price 50 cents. A few applications of Doan's Ointment entirely removed it. This reliable preparation is a true specific for skin diseases. Remember the name—Doan's—and take no substitutes.

Illinois State Historical Library and at

last it may be said that Illinois has recognized the society, whose members are making such an heroic and unselfish effort to preserve for the state and its future citizens the record of its history.

It will be many years before Illinois can hope to compare with Wisconsin, with its fifty years of accumulation, its grand buildings and grander collections of materials, or even Iowa, which has a beautiful building, but the society is encouraged by even its present meagre recognition.

The Illinois commission for the Louisiana Purchase exposition has set apart a room in the Illinois building at the world's fair in St. Louis next year to be known as the "Lincoln Gallery." This room is to have a collection of books and other matter relating to Abraham Lincoln, and will be under the charge of the State Historical society. The society will attempt to make this room the most interesting in the Illinois building and is now seeking for fresh donations of books, letters or other matter illustrative of my phase of Mr. Lincoln's life and character.

OFFICER PUNISHED.

Vancouver Barracks, Wash., Sept. 9.—The findings in the court martial proceedings against Lieut. Col. C. A. Booth, of the quartermasters' department of the United States army, were made public to day. Booth was in charge of the quartermaster's stores at Fort Davis, Alaska, and was tried on charges of irregularity in his department. The court sentenced him to remain at the foot of the list of colonels during the rest of his active service—eleven years. General Funston, in reviewing the sentence, reduced the term to five years.

City and County.

A. T. Capps left Wednesday for Chicago on business.

Point burgoo, supper 3 to 9, to day. Charles Renell has returned from an extended trip in the southern states.

CHAMBER SET SALE THIS WEEK: RAYHILL'S.

R. M. Hockenbuhl left Wednesday evening for a few days' visit in Chicago.

Point burgoo, supper 3 to 9, to day. R. L. Montgomery left Wednesday for Sullivan, Moultrie county, on business.

The work done at the Woman's college is accepted by the Chicago University. Send your daughter.

Mrs. T. E. Mitchell, of Naples, returned Wednesday, after a visit with friends here.

Mrs. William Franklin, of Milton, is visiting at the home of Mrs. W. J. Dunstan on Clay avenue.

Point burgoo, supper 3 to 9, to day.

Miss Anna Tiemeyer left Wednesday for Walpole, Iowa, having spent the summer at her home in this city.

Don't fail to get our prices on CHAMBER SETS THIS WEEK. SPECIAL PRICES. RAYHILL'S.

Henry Gochel, of Mercedia, is in the city, called here by the illness of his son.

For a safe and profitable investment buy stock in the Colorado River Gold and Copper Co. Room 10 opera house block.

M. O. Mathews, of Joy Prairie, was calling on city friends yesterday. His hand, which has been in a serious condition for some time, seems to be on the road to complete recovery, a consummation all his many friends will devoutly wish.

Home visitors' tickets to points in Ohio, Indiana and Kentucky via the Wabash, Sept. 15; good 30 days. Tickets are less than one fare for the round trip.

Stephen Capps, Jr., writes from Buffalo, Wyo., where he has spent the summer with a geological party under Professor Salisbury, of Chicago University, that he will soon leave for Chicago, where he will attend the university the coming year. The party has had many delightful experiences and the research work has been most fascinating.

By all means see Herman's magnificent stock of millinery before buying elsewhere.

CHOKED ON AN APPLE.
Harry Ballard, who is employed at the Alexander Mercantile Co., had an experience Wednesday morning about 11 o'clock that he will not soon forget. While eating an apple a large piece lodged in his throat and he found it necessary to go to the office of Dr. George E. Baxter. Upon examination, Dr. Baxter found the particle had passed so far down the throat that it was impossible to accurately locate it. Ballard was taken to the office of Dr. F. P. Norbury, where the X-ray machine was used in an endeavor to locate the object. Dr. Edward Bowe assisted in making the examination, but the tissue of the apple resembled so nearly that of the throat that the X-ray would not show it, and the piece of apple was finally dislodged by the use of instruments, forcing it down through the esophagus, where it had lodged.
The operation was a very painful one, but the dislodgement of the foreign particle brought the desired relief. It is thought nothing serious will result from the accident.

DRIVING CLUB.
The Gentlemen's Driving club will give its second matinee of the season at the fair grounds Friday afternoon. An excellent card of four harness races and one running race and the best of music by Jeffries' Concert band. Prizes will also be offered for the best saddle horses exhibited in the show ring.

HAPPILY WEDDED

A Former Jacksonville Young Man Takes a Life Partner.

The following extracts from papers published in Oklahoma City, Okla., tell their story. A great many persons here well remember the genial Grant Cullmore when as a school boy he roamed the streets of Jacksonville, always ready to say a kind word to those he met and glad to do a favor for any worthy person. His genius too was of the versatile kind and was always turned to good account. When Professor Block, then at the head of the high school, wanted some money for his beloved work and decided on a dramatic entertainment to secure it he turned about for the most talented of his young friends for a cast and the writer, who had a humble part in the preparation of the important event, well remembers how ably Grant did the part assigned him and the wonder then was that he was accorded a more prominent place in the cast, though there was considerable talent from which to draw. The great success of the performance was one of the sources of pride for all friends of the high school and though that was in 1878 the remembrance of it is fresh in the minds of many. He taught a year and made his mark in various ways successfully.

In due time Grant entered Illinois college and there he took high rank as a student, while in other matters his record was excellent. In the Phi Alpha society, to which he belonged he was a force, never shirking duty and always performing in a manner which was gratifying to all who knew and esteemed him. His work as critic was all right, fair to all and always thorough and discriminating. He decided to be a physician and wisely concluded he would study with Dr. David Prince and accordingly he entered the sanitarium on South Sandy street and assiduously devoted himself to the work he had concluded to undertake. Here he soon developed the fact that he had made no mistake in his choice of a profession. He early began to assist in operations and he was found to be cool, able and trustworthy in all he undertook and he was much valued as an assistant. Though he had not made a specific study of French he was able to take up works in that language and his knowledge of medicine was much increased by his studies of eminent authors in the language of the Napoleons. Soon he was coaching the younger medical students and gentlemen who have attained prominence in the healing art learned much from young Cullmore during his student life with Dr. Prince.

He graduated from Rush Medical college in 1885 and for two years was assistant and house surgeon in the sanitarium of Drs. David and Arthur Prince. Then he went to the Central Hospital for the Insane and further fitted himself for the practice of his chosen profession and in 1887 removed to Atchison, Kan., where he at once went to work in a quiet, unostentatious manner, but soon his superior talents became known and appreciated and he was appointed oculist for the Missouri Pacific railroad, and the soldiers' orphans' home and city hospital, both of Atchison, and for several years he was United States pension examiner for northern Kansas and southern Nebraska. Omaha was his next field of labor and from that place he moved to Oklahoma City. All the time he was a careful student and rose steadily in his profession until he occupies a commanding and eminent position among medical men and in the estimation of the community in which he resides. At present Oklahoma City is his home and there as elsewhere he has made his mark.

He was born in Carrollton, this state, in 1862, and all this time Cupid has practiced on him in vain until quite recently. Any man would be impervious to the charms of the many charming and highly worthy young ladies of Jacksonville, as Grant was must indeed be proof to the arrows of the little god who is supposed to pierce the most obdurate coat of mail. The little elf who brings the high and the lowly to terms did his best with the young physician, but in vain, to all outward appearances, for no love affair of his ever came to light; as Cardinal Richieu said, "France, my mistress, France, my wedded wife." So did Grant seem to say to his profession until the gossips, the mothers of eligible young ladies, the match makers and society people, one

and all seemed to give him up as beyond hope. Then it was that a vulnerable spot was found in his armor and when once subdued he was thoroughly conquered and surrendered at discretion and was so badly overcome that he could hardly wait for the consummation of the happy event, as will be seen by the appended notice and his ardent nature was evidenced in this affair as in all other events of his life.

The Journal tenders most sincere congratulations as will many others here and they will be appreciated, for the doctor says that in his dear old home of Jacksonville he received all the best of his early training and education and to the cultured and refined education influences of this place he attributes much if not all of his success in life and it may truthfully be added that success is by no means small.

From the Daily Oklahoman: A pretty home wedding with such a charming touch of romance was that of Miss Virginia Sharp and Dr. Grant Cullmore, which was celebrated at Kirksville, Mo., Monday morning.

Miss Sharp has spent the past winter and spring here with her sister, Mrs. J. S. Corley. She has taught in the public schools and was to have again resumed her duties here this fall and was at her home at Kirksville taking a summer course of study to better fit her for her work when the wedding occurred. Dr. Cullmore, whose devotion to Miss Sharp was well known, left Wednesday on a "business" trip to Kirksville, as he told his friends, and there persuaded Miss Sharp that any further delay was useless, so between Saturday and Monday the wedding was arranged. It occurred at the home of the bride, her father, Rev. G. W. Sharp, for years the minister of the Presbyterian church, one of the largest and most influential in the city, performing the ceremony, which occurred at 9:30 on Monday morning. The bride looked very sweet in just a simple little white frock, which was a part of her girlhood's wardrobe, and carrying a bunch of white garden asters. Everything was unaffectedly simple and homelike, and as Mrs. J. S. Corley and her four children of this city, Mrs. George B. Simpson, of Kansas City, and her daughter, Virginia, and Miss Grace Sharp, were present, all the family were at the wedding in spite of its impromptu character.

Dr. and Mrs. Cullmore left Monday afternoon for Oklahoma City, reaching here Tuesday. They are at home to their friends at Mrs. Jones', corner of Eleventh and Broadway, where they have apartments. Later when their plans have had more time to mature they will begin housekeeping.

The bride is very popular at her Kirksville home and here at Oklahoma City. She is an attractive, vivacious brunette, a splendid musician and possesses an exceptional education. Dr. Cullmore is an oculist of enviable ability and fame, and is one of the foremost citizens of Oklahoma City, having scores of friends and admirers. He is a cultured and scholarly gentleman.

From the Daily Times-Journal, Oklahoma City: Dr. Grant Cullmore, of this city, arrived home this morning with a bride, having been married yesterday morning at Kirksville, Mo., to Miss Virginia Sharp, sister of Mrs. J. S. Corley, of this city. Miss Sharp was one of the leading society favorites of Kirksville and will prove a valuable acquisition to Oklahoma City's leading social set. Dr. Cullmore is one of the city's popular professional men and one of the best in his profession to be found anywhere in the country. Dr. and Mrs. Cullmore are to day receiving scores of congratulations from Oklahoma citizens.

CLEVER ARTISTS.

The unanimous verdict of those who have seen the clever specialties introduced this season in "Two Married Men" is that they are a show in themselves. Always desirous of giving their patrons what they want, Mr. Schilling has made a particular effort this year to give them something out of the ordinary and has engaged a number of high class specialties to add variety to the performance of his now famous comedy. The Mullally Sisters, Isabelle Winloche, the great Barrington, Charles and Jennie Welsh, Borden Lefferts and Professor Shannon are among the members of his company that will appear at the Grand opera house next Thursday evening.

THEATRICAL NEWS

List of the Big Stars and What They Will Appear In.

Theatre goes throughout the country are assured of excellent entertainment this winter. Many of the stars will play under their own management in new plays, while others will be seen under their old managers with new pieces and a partial list of attractions and the artists is as follows:

CITY COUNCIL

(Continued from second page)

forbidding the willful pollution of the water of the lessees in their wells or distributing reservoir, and providing suitable penalties for the violation, or violations of such ordinance or ordinances.

CORPORATION AND ASSIGNMENT

Section 19. The lessees shall within one year after this ordinance becomes a contract or cause to be organized under the laws of the State of Illinois, a water works company, or corporation, to which this ordinance and contract shall be duly assigned and transferred, subject to all the restrictions and undertakings herein contained, and said company shall take the place of said lessees and do and perform their undertakings, and such assignment shall be filed in the city clerk's office in the City of Jacksonville, and shall also be recorded in the office of the recorder of deeds in and for Morgan county, Illinois; and no assignment or mortgage of the lease, franchise, rights and license hereby granted shall in any way impair or affect any of the rights of the City of Jacksonville, reserved in this ordinance.

OPTION OF PURCHASE

Section 20. At the expiration of ten (10) years from the date when the lessees shall take possession of the property hereby leased to them, and at the expiration of every period of five (5) years thereafter, the City of Jacksonville shall have the right to purchase the entire water works system of the lessees, including all lands and water rights owned or leased by the lessees and used in the operation of their water works system, and all pumping stations, water mains, fire hydrants, machinery, apparatus and tools, constructed by, or put in by said lessees, upon the following conditions: If the City of Jacksonville, by resolutions of the city council, shall determine to purchase the water works system of the lessees, a certified copy of such resolutions shall be served on said lessees not less than six (6) months, or more than twelve (12) months before the time when said City of Jacksonville may desire to purchase said water works system.

In the event that the City of Jacksonville and the lessees shall be unable to agree upon the price to be paid for said water works system, then three (3) disinterested, non-resident experts shall be appointed as a board of appraisers, in the manner following: (The City of Jacksonville shall select and appoint one of said appraisers; the lessees shall select and appoint one of said appraisers, and the two (2) appraisers so selected and appointed, shall select and appoint the third appraiser. The three (3) persons so selected and appointed shall constitute a board of appraisers, who shall examine the water works system of the lessees and take the testimony of experts and of all other persons desired as witnesses by either the City of Jacksonville or the lessees and shall determine the fair cash value of said water works system.

In determining such value, said board of appraisers shall not appraise the premises hereby leased, nor the then unexpired term of this lease and franchise. Said board of appraisers, or a majority of them, shall then make a written award in duplicate, fixing the then fair cash value of said water works system, and shall deliver one (1) of such awards to the city clerk and the other to the said lessees; the City of Jacksonville shall then have the right to purchase or refuse to purchase said water works system, at the price so fixed. If the said city shall then elect to purchase, it shall give the said lessees notice of such election within ten (10) days after the delivery of such award to the city clerk, and at the expiration of said period it shall pay the whole of said award in cash. If the said city shall fail or refuse to purchase said system of water works after such appraisal as aforesaid, the said city shall not have the right to again exercise such option of purchase for a term of five (5) years thereafter, and it shall pay all the necessary expenses incurred in the employment of said appraisers and making of such award; but in case such purchase is completed, and said purchase money is paid, then said expenses shall be equally divided between said city and said lessees.

If the City of Jacksonville shall pay to the lessees the amount of said award, as above provided, the lessees shall immediately surrender this lease and contract and convey to the City of Jacksonville their entire water works system, free from all liens and encumbrances.

REPEAL OF FORMER ORDINANCES

Section 21. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed, and this ordinance shall be a full, complete and entire contract between the City of Jacksonville and the lessees.

The above ordinance was filed with the clerk Sept. 3, 1902, to be considered at a subsequent meeting.

Samuel H. Stewart, City Clerk.

TWO BILLION

BUSHELS THE ESTIMATE OF YEAR'S CORN CROP

Three Weeks More Required to Place Crop out of Danger from Frost.

Chicago, Sept. 9.—"With three weeks of good corn weather I believe we will have a 2,000,000,000-bushel corn crop," said Corwin H. Spencer, who has spent the past three days traveling over the Burlington system with Darius Miller, James A. Patten and Secretary of the Treasury Shaw.

"The greater part of the crop will be out of the way of frost by Sept. 22 with the right kind of weather. The crop is green and the entire country looks fine, and one cannot help being impressed by the prosperity all through the west. From what I saw it made me feel rather weak on corn. We went as far west as Oxford, Neb. At Hastings, Neb., we left our car and inquired about the corn. We were told that a farmer had some good corn about five miles from that point. 'We drove out to it and made an examination.' The farmer said it would run seventy-five bushels to the acre. Patten thought the estimate would be about sixty-five bushels, and most of us thought the man would be fortunate if he secured seventy-five bushels.

"Along the Burlington road in Iowa and in eastern Nebraska the corn crop is not good. It is only fair and very weedy. In western Nebraska it is much better. At one point in Iowa they told us the corn was better back in the country away from the railroad. There is a large yield of alfalfa, two or three crops being harvested. In riding through Nebraska one is struck with the belief that they have a bumper wheat crop, but they told me at different points at which we stopped that the yield was disappointing. The wet weather has damaged the quality, and I think we have a poor crop all around."

Just received the most desirable line of fall goods

at specially low prices; Herman's.

HIS LIFE SAVED BY CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

"B. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life last summer. He had been sick for a month with what the doctors call bilious dysentery and could get nothing to do him any good until he tried this remedy. It gave him immediate relief," says B. L. Little, merchant, Hancock, Md. For sale by all druggists.

AT THE MANSION.

Springfield, Sept. 9.—Mrs. Richard Yates gave her first at home to day for the autumn season and received her friends in a most cordial manner in the pink drawing room. The hours were from 3 to 6 o'clock and a large number called during the time. Mrs. Yates will continue giving her at homes during the fall and winter. She has but just returned from Harbor Point, Mich., where her daughters, the Misses Catherine and Dorothy, spent the summer with their grandparents, Mr. and Mrs. Wadsworth. Miss Dorothy is much improved and will soon recover from her illness. The two little girls have as their guest this week, Miss Alice Wadsworth, of Jacksonville.

To-morrow Mrs. Yates will entertain Mrs. Richard Oglesby and Miss Katherine Oglesby, of Elkhart, at the mansion.

OWES HIS LIFE TO A NEIGHBOR'S KINDNESS.

Mr. D. P. Daugherty, well known throughout Mercer and Sumner counties, W. Va., most likely owes his life to the kindness of a neighbor. He was almost hopelessly afflicted with diarrhoea; was attended by two physicians, who gave him little, if any relief, when a neighbor, learning of his serious condition, brought him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him in less than twenty-four hours. For sale by all druggists.

ON PIKE'S PEAK.

Miss Alice Draper and her mother spent a few weeks in Colorado making Denver their headquarters. Miss Draper had a novel experience on Pike's peak. The day she went to the top she was treated to a snow storm and later to an electrical storm on the very peak. The conductor of the car was struck by lightning in the presence of all his passengers, but his hand was on the rail and he escaped with a badly burned arm.—Springfield News.

SURE CURE FOR PILES.

Itching Piles produce moisture and cause itching, this form, as well as Blind, Bleeding or Protruding Piles, can be cured by Dr. Chamberlain's Pile Remedy. Stopping itching and bleeding, curing tumors, etc. It is a sure cure, or sent by mail. Treatise Free. Write me about your case. Dr. Chamberlain, Philadelphia, Pa. For sale by all druggists.

BURBORG.

Thursday, Sept. 11, at the Point church, burgoon, sandwiches, pie, cake, and other good things to eat; 3 to 5 p. m.

For a list of names of the burgoon, see the Standard.

For a list of names of the burgoon, see the Standard.

HARNESSING A CANAL.

Thirty Thousand Horse Power to Be Supplied by Chicago Waterway. Plans for harnessing the immense water power of the Chicago sanitary canal at its termination in Lockport and Joliet are perfected by the engineering department of the drainage board and have received the approval of the board's engineering committee, says a Chicago dispatch. The plans involve an expenditure of \$2,700,000.

In developing the water power of the sanitary canal the board of drainage trustees is carrying out a policy that has been contemplated since the inception of the great engineering scheme designed to give Chicago an adequate supply of pure water. It is a sequel to the successful construction work on the great drainage channel now connecting Lake Michigan with the Mississippi river and the Gulf of Mexico.

An extension of the present channel for a mile and one-eighth south of the controlling dam at Lockport is necessary for the utilization of the plan.

For the extension channel a great excavation two miles long and 140 feet wide will have to be made through hard rock. Midway in this two mile cut an artificial waterfall will be constructed. Here the mammoth hydraulic and electric machinery will catch the rushing waters as they fall. It is in this fall that the power to be utilized resides.

Weight and momentum of the falling waters are the factors that make the power, which power is to be caught, as it were, in its flight, converted into electrical energy and transmitted over wires and through storage batteries and dynamos for the turning of giant wheels in factories or for the lighting of streets or the lighting and heating of residences or other buildings. That is what has been done with Niagara's mighty power, and that is what the plans just completed are to do with the water power of Chicago's \$45,000,000 drainage canal.

In the development of the power at Lockport the feats of engineering will duplicate in many respects the harnessing of Niagara falls for transmission of electric power to sundry points in New York and New England and Canada.

WATCH ON POSTAL CLERKS

Many Peepholes and Secret Lookouts in Chicago's New Post Office.

Every act of every employee of the money order, registry and mailing departments of the new post office at Chicago will be liable to the closest scrutiny by means of a system now being installed, says the Chicago Record-Herald. Suspended from the ceilings of the three departments and connected with each other are lookouts in the form of inclosed observation platforms. These will enable inspectors to watch all that is going on, but the employees will never know when they are being observed, and the fact that an observing eye may be upon them at any minute is calculated to deter them from wrongdoing and spur them to their best efforts. No more thorough system of espionage was ever devised for any public office in the world.

Secretary of the Treasury Shaw on a recent visit expressed admiration for the manner in which the lookouts were being constructed. The fact that such structures are being erected was unknown to all save the inspection department and a few high officials of the postal service.

The officials say no reflection upon the honesty of employees is intended by the system. The responsibilities the government assumes in carrying money and other valuables through the mails warrant it in taking every precaution. In fact, the honest employees are said to welcome the strictest supervision, so that if any detail of the business goes wrong their own acts will be known in advance of the discovery of the error.

The first and second floors of the great building are honeycombed with the lookouts. The passages run through stone walls and connect in such a way that an inspector can go from one part of the structure to another in a distant section of the building in half the time that one outside the lookouts could proceed an equal distance. A system of electric signals will be operated in connection, and the course of a letter or package, from the minute it is registered, until it leaves in a mail bag for a railway station, can be known by the chief inspector sitting in his office.

Bachelors For Giants.

The \$200,000 legacy left by Count Alfred Ste. Omer de Pierrecourt to his native city of Rouen on condition that provision be made for propagating a race of giants has finally been disposed of, says the Paris correspondent of the New York World. The natural heirs began litigation, which has now resulted in an agreement that the city shall spend \$100,000 in founding an institute for giants, keeping \$50,000 in reserve and giving the balance to the legitimate heirs. It is proposed to maintain in this novel institute a score of young giant couples, establishing workshops for them and conditions favorable for their growth. The result on the progress of giant couples.

Cotton-Ginning Facts.

Preparations are being made to gather the cotton-ginning statistics of the crop of 1902. The census bureau has sent out 620 field agents, each of whom will make five reports. The reports will give a complete history of the cotton crop from the time it is harvested. The first will run up to Aug. 31, the second to Oct. 15, the third to Nov. 15, the fourth to Dec. 15 and the fifth to the end of the year, with a current estimate of the crop remaining yet to be ginned.

CHAPIN RURAL.

John H. Berry, of Lone Tree, Iowa, is here visiting his sister, Mrs. F. M. Henderson.

Miss Ida Perbix and Miss Della Detendling are at San Jose, Cal., and seem to be having a fine time.

Baker school was opened Monday with a good attendance. Miss Callaway and the children had a big reunion.

Born, to Mr. and Mrs. Alvin Shumaker, a five pound girl. The little one arrived Sunday.

George H. Norgeson has had his house and barn repainted. George Halley, of Concord, was the artist.

James M. Brown, living north of Concord, is quite poorly.

The condition of our father is about the same as it has been for some days (There is a slight improvement Tuesday morning.) His case is considered very critical, however.

Charles Meyers' young brother is reported quite sick with typhoid fever.

Dr. J. H. Fountain has just purchased a two and a half horse power gasoline engine, which he will use at his residence to pump water and run various machines. He expects to light his rooms by electricity, getting the power from the above named engine.

Mrs. Naomi Whorton, of Jacksonville, came down Tuesday morning on the train for a two days' visit.

The telephone line east of Concord is being rebuilt with heavier poles so as to carry ten wires.

Frank Worsham has rented the George Dietrick farm and will move this week. Fred Eckhoff is having some carpenter work done in Chapin.

Preparation for wheat sowing has begun. About Sept. 21 will be soon enough to begin sowing.

Sunday at dinner Mr. and Mrs. George R. Fox entertained the families of Mr. and Mrs. C. S. French, Mr. and Mrs. A. L. French, Mr. and Mrs. J. Z. Fox, Mr. and Mrs. J. M. Fox and T. E. Fox. J. Marshall Miller and wife, of Jacksonville, were their guests in the afternoon.

POINT.

Oliver Coultas and family, of Lynnhaven, visited with Mr. and Mrs. Dade Coultas last Sunday.

Remember the burgoon at the Point Thursday afternoon and evening.

Miss Aleina Vasey began school duties at Liberty and Miss Anderson at the Point last Monday.

Miss Rena Packard, of Jacksonville, is the guest of Mr. and Mrs. G. A. Riley.

Prince Coates and family were Sunday visitors at the home of Mr. and Mrs. P. D. Richardson.

R. B. Marshall is erecting a new barn on his farm near Markham.

Bert Ranson and Clarence Adams visited relatives at Bluffs last Saturday and Sunday.

Miss Thetis Frame returned to Evanston last week, after a pleasant visit in this neighborhood.

Mr. and Mrs. Robert Mawson and Mrs. Lucy Mackness and daughters, of Jacksonville, visited at the home of Mrs. B. Mawson last Thursday.

Miss Georgia Sturdy returned last Sunday from a pleasant visit with Mr. and Mrs. Robert Allen, of Elgin.

W. M. Stout has recently purchased a new buggy.

Mr. Hellwell and daughter, of Woodson, are visiting at the home of Mrs. E. Hall.

INDICATIONS.

Washington, Sept. 10.—For Illinois: Thunderstorms Thursday, cooler in central and south portion; Friday fair, fresh to brisk shifting winds.

City and County

George K. Moore has returned from a summer spent at Cherryvale, Kans.

Miss Eva Tunnel has returned to Whitehall, after a visit with her sister, Miss Stella Tunnel, on South Main street.

Everett Martin has returned from St. Louis, where he has been during the summer, and will enter Illinois college.

Dr. M. A. Halsted was taken ill early in the week and removed to Passavant hospital, where it is now believed he has a well defined case of typhoid fever. His condition is not regarded as serious.

Henry Goebel, Jr., was taken to Passavant hospital Wednesday, suffering from an attack of appendicitis. An operation will be performed to day by Dr. Carl E. Black. Mr. Goebel has been complaining for several days, but the nature of his sickness was not determined until to day.

Ensley Moore returned yesterday morning from Watertown, Rock Island county, where he attended a meeting of the state board of charities and the superintendents of the Illinois hospitals for the insane. Dr. H. B. Carriel, of this city, was also in attendance. Dr. Carriel ranks among the brightest in the specialty of his profession and the state is fortunate in having such young men to enter her service.

LETTER TO CAPTAIN SMITH.

A few days ago Captain Smith received a letter from an old time friend in Florence, Ala., Mrs. Brown, who in making mention of the present conditions in that city, takes opportunity to recall some of the old time memories which are a most pleasant recollection to the captain. She makes mention of the fact that the story which is told to all new comers in Florence is the one of the "Boy Captain of the Seventh Illinois" who during the civil war passed through Alabama, and at Florence took with him Robert Mitchell and made a lawyer out of him. Mitchell is now a prominent attorney in the south and to Captain Smith he feels greatly obligated for his start in life.

In this letter is also an invitation to assist with the new church, which is now being erected in Florence, and a very appropriate verse tells of the needs of this little flock.

R. A. Gates & Son

THE DEATH RECORD.

BAPTIST.

Goldie, the 5 years old daughter of Mr. and Mrs. Emanuel Baptist, died Tuesday evening at the home of her parents in Springfield, Ill. After a short service held at their home the remains were brought to Jacksonville to the home of the grandparents, Mr. and Mrs. Joaquin DeFraithe of Vorhees street.

The funeral service will be held at the home of Joaquin DeFraithe, 815 Vorhees street, at 2:30 this afternoon.

MOORE.

Lewis Moore, of Long Beach, Cal., died Wednesday morning at 6:30 o'clock. Deceased was formerly a resident of this county, but has lived in California for the past twenty years. He was the son of the late Dr. Edwin Moore and a brother of George Moore, who resides east of the city near Arnold. He was past 70 years of age. He was at one time a student at Illinois college. He had many warm friends here who will sincerely regret to learn of his demise. While here he followed the occupation of farming and stood high in the estimation of everyone.

The funeral will be held in California at his late home.

THE MATRIMONIAL RECORD.

MAHAN-CANTERBURY.

Miss Florence Canterbury, of Peoria, and John G. Mahan, of this city, were married at 3 o'clock Wednesday afternoon at the residence of Rev. E. H. Alford, of Peoria, only immediate friends and relatives being present.

The bride is a young lady of many accomplishments and is the daughter of the late Asa Canterbury, who for years was one of Peoria's foremost business men. She is a graduate of the public schools of that city; also was an active worker in the kindergarten and during five years was principal of the Harrison kindergarten school. She is also a member of the Eastern Star.

The groom is the son of Mrs. M. A. Mahan, of this city, and has for a number of years been engaged in the insurance business, taking up the work, which his father was so prominently identified with. He is at present the district manager of the Mutual Life Insurance company, of Chicago.

Mr. and Mrs. Mahan arrived in the city last night and will reside at the Mahan home on South Main street.

MILLER-EVERT.

The marriage of Miss Etta Evert and William Miller, both of this city, was solemnized Wednesday afternoon at 4 o'clock at the Catholic church parsonage by Father Formax. The only attendants were Miss Mattie Brunk and Harry Evert, brother of the bride.

The bride is the daughter of Mr. and Mrs. Henry Evert, of West North street, and is deservedly popular among a large circle of friends. She is a young lady of attractive manner and personality. The groom is a cigar maker in the employ of the L. S. Kent-McCarthy Co. and is a young man of sterling character and ability.

Mr. and Mrs. Miller left Wednesday evening for Canton and Ottawa, Kan. Upon their return from their wedding trip they will reside on West North street.

JUSTICE COURTS.

In Squire Henderson's court James Ellis and Reed Cavadar were each fined \$3 and costs for ordinary drunk.

Bert Shannon and Arthur Andres, the boys arrested Tuesday by Capt. Kennedy and Officer Fernandes on the charge of highway robbery, had a hearing in Squire Henderson's court Wednesday afternoon and were discharged. John Ryan, of Pisgah, was complaining witness. The state was represented by State's Attorney T. F. Smith and H. M. Ticknor was the attorney for the defendants.

Dr. Wm. Engleback, of Chicago, is spending a few days in the city.

Dail Journal 10c per week.

LECTURE COURSE

Six High Class Standard Attractions Offered—The Entertainments in Detail.

After a great deal of correspondence the managers of the Illinois college lecture course are ready to make public the list of their attractions for the season of 1903-04. The list comprises some of the finest talent in the lecture field and the lecturers and concert artists are so well known and have such established reputations that the mention of their names assures the public of the high character of the attractions offered.

The greatest care has been exercised in booking the different numbers with the result that every entertainment is one of standard excellence. It is a course that certainly ought to suit the popular taste and at the same time please the musician and critic.

It is the intention of the management not only to sustain the high character of the courses of former years, but they are determined to surpass the well directed efforts of previous years, and have announced a splendid, well selected course of six numbers. The list is as follows:

Suzanne Adams, prima donna soprano, with the following supporting talent: Leo Stern, violinist; George Crampton, basso cantante, and a pianist, will be heard in concert. Madame Adams' operatic triumphs are well known and her success in concert has been none the less flattering. She appeared before the late Queen Victoria privately on three different occasions and has sung at every state concert in London since 1898.

The Ritchie company of entertainers give a unique program that will be sure to please everybody. Their program is entitled an evening in music, mirth, magic. Mr. Ritchie's success lies in fascinating his audience from beginning to end with seemingly inexplicable mysteries, tricks and funny sayings. He has fine support in Mrs. Ritchie, Miss Nettie Jackson and Charles Howison.

The Mendelssohn quartet has ever maintained its reputation for musical excellence, while its continued success before the public has in no small degree been due to the splendid taste shown in the selections on their program. The personnel of the quartet is as follows: Mr. A. M. Applegate, first tenor; William C. Smith, second tenor; H. S. Barnett, baritone; Urban L. Alkire, basso; H. R. Loder, pianist, and Miss Marguerite Smith, child impersonator.

Dr. Frank Bristol, of Washington, D. C., is an orator whose popularity is such that he never appears in a course once but that there is urgent demand for a return engagement. Dr. Bristol is not a stranger to Jacksonville people and they will welcome his return here no doubt with most liberal patronage.

The Siegel-Meyer-Caveny Co. are artists in the purely entertainment line seldom equalled. Mr. Samuel Siegel is a mandolin virtuoso, Mr. J. Franklin Caveny, a chaff-talker artist and Mr. Hymor Meyer a well known wit mimic and musician.

The list is concluded with the Ernest Gamble Concert company, consisting of Mr. Ernest Gamble, basso; Miss Bertha Webb, violinist, and Edwin M. Shouert, pianist. This is the sixth season for Mr. Gamble, and although a young man his career as a musical artist approaches the marvelous and numerous critics place him at the very head of American bassos.

A complete prospectus with a detailed history of each of the attractions will appear in a few days.

The price of tickets for the entire course will be as follows: Single ticket, \$1. Reserve seats for the entire course, 75c, \$1 and \$1.50 extra, according to location.

LOW ENDORSED.

New York, Sept. 9.—At a fusion conference to night both Low was endorsed as candidate for mayor.

MARRIED BESIDE OPEN GRAVE

Couple Had No Time to Wait at Danville.

Danville, Sept. 9.—Elbowing his way through the crowd of mourners assembled at the graveside with bowed heads, Sam Smiley, aged 30, stopped a funeral sermon in Spring Hill cemetery here long enough to be married to Mrs. Anna Wagner, aged 27, from near Beckwith, Ind.

It was a runaway match and Smiley breathlessly explained to the Rev. J. E. Greening, the Methodist minister here, that the relatives of the blushing woman by his side were on their way posthaste to stop the match. He insisted that the ceremony must be performed at once or he was afraid the pursuers would stop it.

The unexpected intrusion of the betrothed couple created a sort of panic among the weeping relatives and friends gathered beside the grave where the remains of Mrs. George Stevens, of this city, were being interred. All thought that such a sudden interruption could mean nothing less than that some terrible calamity had happened, for nothing else, they felt, could justify an intrusion at such a moment.

The fell back in consternation. The Rev. Mr. Greening, who was in the midst of a flow of sad oratory, stopped in astonishment, while Smiley nervously blurted out his request.

It was a trying moment for the preacher. At first he was too astounded for utterance and just a bit angry. But he acceded to Smiley's wishes, and there beside the open grave and the coffin Smiley and Mrs. Wagner joined hands, and the minister in a few hurried words made them one.

Not many congratulations were showered on the bride and bridegroom by the mourners, who were inclined to be resentful and were unwilling and impatient witnesses. But the happy pair did not seem to mind that and hurried away with no thought of the grief they left behind.

They were not out of hearing before Rev. Mr. Greening resumed his funeral sermon and the murmur of his address reached them as they walked from the cemetery hand in hand. Smiley is a restaurant waiter here.

An elegant assortment of corduroy velvet caps for children only 50c each at Herman's.

NOTICE TO CONTRACTORS.

Bids will be received by the Board of Local Improvements at the City Hall in the City of Jacksonville, up till 2 o'clock p. m. of Saturday, Sept. 19, for the construction of a brick street pavement on Grove, Park, prospect and Westminster streets, in the City of Jacksonville, at which time bids will be publicly opened and declared.
